

Being a column in which the publisher just "blows off the steam."

JOHN HOWARD SR. has been in the grocery business in Hamlin a long time, he will tell you. Just about how long he was reminded last week.

Richard Young, son of the late J. A. Young, last week was going through his father's papers and ran across a couple of checks given to John Howard Sr. for groceries in May, 1918. One of them was written, the pioneer grocer said, on the day before John Howard Jr., present owner of the store, was born.

"Those checks bought a lot of groceries, too," the senior Howard, who is now butcher in the Howard Food Market, declared.

AN ARMY ROOKIE from Mississippi ran afoul of the loyalty investigation which requires every person in the military service to fill out a security questionnaire. When he came to the item which asks whether anyone in his family had ever advocated the overthrow of the government, he scrawled "yes" in big black letters.

It wasn't long before he was haled into the security office for questioning.

"Yes, sir," he explained to the interrogator, "it was my old grandpappy. He fought for the Confederacy."

DAFFY DEFINITIONS are going the rounds nowadays. Here are a batch that deserve to be considered for their literal explanations . . .

Elephant: Vivid proof that peanuts are fattening.

Good Neighbor: A person who smiles at you over the back fence but doesn't climb it.

Laziness: A quality that keeps people from becoming exhausted.

Potato Bug: An insect that plays on the tuber.

Reputation: A personal possession, frequently not discovered until lost.

Steamboat: Another thing that toots loudest when it is in a fog.

Tack: A small pin which, if you find it in your chair, is a sure sign that somebody has been thinking of you.

Thinker: A man who is never heard thinking.

Trust: What nations have in God, but not in each other.

CALVIN BAILEY, pastor of the First Baptist Church, proved that he was not the admitted flop as a story teller at the Tuesday noon luncheon of the Hamlin Lions Club.

He told of the old cow which, after grazing in the back of a pasture most of the day, mosed up to the section next to the highway where a big milk sign had been erected. She looked over the sign, mullied the statements that the advertised product had been homogenized, pasteurized, aerated, infiltrated and vitamin D added. Then, dejectedly, she bemoaned that, "That sign makes me feel so inadequate!"

MORE SQUIBS that appeal to our lighter views of the days include the following batch we lifted along the way . . .

It's just too doggone bad how high prices are making young couples do without things their parents never had.

There are two important things that will save your home—paint and keeping up the payments.

One of the things a baby sitter does it keep the kids from going to a movie with Mom and Dad.

The house next door sometimes reminds us that one of our crying needs is more spankings.

When a fellow does just enough work to get by, he can't buy very much these days.

DOWN IN THE SHINERY in the south part of the county one of the hill billies is reported to have declared to a neighbor:

"People are saying that your wife's making moonshine whiskey."

To which the neighbor replied: "Yes, and I'm ashamed of her. But with all her faults I love her still."

BENJAMIN FRANKLIN'S mother-in-law hesitated at letting her daughter marry a printer.

There were already two printing offices in the United States, and she feared that the country might not be able to support another.

STAMFORD CO-EDS are "going fishing" for dates for the sponsors' ball on the night of July 2 at the Texas Cowboy Reunion. It's the biggest social event of the summer in Stamford. The girls are (left to right): Anne Hudson, Marsha Rhew, Judy Mills and Elsie Medlin. In the water, ready to get caught, are Bob Payne, Fred Upshaw, Fred Hudson, Tommy Dodd and Charlie Helmer.

## Wheat Growers of County OK Quotas

Jones County wheat growers went to the polls last Friday in small numbers to vote on the 1959 crop wheat marketing quotas, but the total of 135 who participated in the balloting approved the proposition by a 107 to 28 count.

## Rotary Officers to Be Installed Next Wednesday Noon

New officers for the ensuing club year will be installed at the climax to a special meeting of the Hamlin Rotary Club next Wednesday noon at the oil mill guest house. New president is John Howard Jr., who will succeed L. E. (Gene) Prewitt.

Wives of Rotarians and a number of special invited guests also will attend the session.

Principal speaker for the program will be Rex Felker, manager of the Quana Chamber of Commerce. His topic will be "My Home Town."

Felker is a former resident of Haskell, where he finished high school in 1931. He attended Hardin-Simmons University at Abilene, where he was a featured performer with the Cowboy Band. He worked a while in Hollywood, California with the Western motion picture series, "The Range Busters." He has been in Chamber of Commerce work for seven years.

## Visiting Speakers to Fill Pulpit at First Methodist Church

Filling the pulpit at the First Methodist Church next Sunday, June 29, at both morning and evening services will be Rev. Jim Pickens, new chaplain of McMurry College at Abilene. Rev. Pickens is the son-in-law of Mr. and Mrs. Levi McCullom of McCaulley.

In the pulpit Sunday morning, July 6, will be Dr. Tom Johnson, executive secretary of the pension endowment division of the Northwest Texas Methodist Conference. At the evening service that day George Ellis, new youth director of the church, will be in charge.

Pastor Edmund W. Robb of the local church and wife left this week for Washington, D. C., where they will be attending the national convocation on evangelism. He is a delegate from the Northwest Texas Conference.

## Quarterly Dividend Paid by Celotex Firm

Directors of the Celotex Corporation this week declared a quarterly dividend on common stock of 50 cents a share, payable July 31 to stockholders of record at the close of business July 8, 1958.

In the previous quarter a dividend of 60 cents a share was paid. At this week's meeting the board of directors also declared a regular dividend of 25 cents a share on preferred stock, also payable July 31 to stockholders of record July 8.

of ballots, according to the Anson office of the Agricultural Stabilization and Conservation committee, under whose supervision the election was held.

This meant approval of the marketing quotas by Jones County growers was by about 82 per cent of those voting. The national vote was approval by about 86 per cent of the growers.

Majority of two-thirds of the growers voting the election Friday was required for national adoption of the plan.

Approval means that supports will be available on the 1959 wheat crop at a national average of not less than \$1.81 per bushel or 75 per cent of parity.

If the quotas had not been approved by two-thirds of the eligible voters the support for the crop would have been about \$1.20 per bushel or 50 per cent of parity.

R. G. Rowell, chairman of the Jones County ASC office says that with the marketing quotas in effect, there will be penalties on "excess" wheat produced on acreage in excess of the larger of 15 acres or the farm acreage allotment. The penalty will be 45 per cent of the wheat parity price as of May 1, 1959.

## SHALLOWATER VISITORS.

Visiting relatives in the Fairview community last week-end were Mr. and Mrs. Clyde Whitaker and children of Shallowater.

## John Richey Made Sheriff of Group Sent to Boys' State

John Richey, junior in Hamlin High School and son of Mrs. Jack Richey, was elected sheriff in the county division at Lone Star Boys' State, where he was a citizen during the week of June 8 to 14 at Austin. He was sponsored by the Hamlin Rotary Club through the Sylvester post of the American Legion.

Boys' State is a part of the program of the American Legion to promote better citizenship by training young people in procedures of election and government. High school juniors are selected in order to give the students the chance to tell other students of their experiences at Boys' State during their senior year in high school.

Boys' State motto is "Learn by Doing." As citizens of the conclave the boys organize, operate and study functional government comparable in all respects to the government of Texas. Lone Star Boys' State is, therefore, a mythical forty-ninth state with its own constitution, statutes and ordinances constructed by its citizens who are governed by them.

Boys' State was organized in 1940 when approximately 100 boys and two counselors met on the campus of the University of Texas and was active until 1945, when there was no Boys' State due to war-time conditions. It was re-organized in 1946 with the School of the Deaf as the chosen site.

However, Boys' State grew so rapidly that in 1954 the event was changed to the University of Texas, where some of the best facilities are available. Some of these are the modern Batts auditorium and the cafeteria in Moore Hill Hall and four dormitories. There is a well rounded athletic program which has the use of the best recreational facilities. Gregor gymnasium is used for all indoor sports, and the freshman field for outdoor sports.

Attendance at Boys' State this year was 538, which was one of the largest. The largest was in 1955, when 558 boys attended. Ginger Rabjohn recently attended Girls' State, having been sponsored also by the Rotary Club.

SET TERMS FOR TITLE BOUT—Al Weill (center) who wants to promote a heavyweight championship fight in Los Angeles August 4 between Titleholder Floyd Patterson and Roy Harris of Cut and Shoot, leans over for a word with the Texas contender during a press conference. At left is Harris' father, Henry. Under the agreed split of the gate, Harris will get a flat \$100,000 and Patterson 50 per cent of the receipts. The California Athletic Commission still has not approved the proposed date for the bout.

## Civil Aeronautics Authority Offers Aid on Airport Project

### Rebecca Ferguson to Be in Stamford Show

Second cowgirl sponsor to represent Hamlin at the Texas Cowboy Reunion at Stamford next week-end will be Rebecca Ann Ferguson, who was named by the Hamlin Business and Professional Women's Club last week. The B&PW Club had previously sponsored Miss Ferguson.

Rebecca is the daughter of Mrs. Thomas Ferguson. She will ride her sorrel horse, Chief, in the street parades and grand entries at the reunion.

Previously named as a sponsor by Hamlin to the Cowboy Reunion was Wyvonne Conner, being sponsored by the Hamlin Board of Community Development.

COWGIRL SPONSOR to the Texas Cowboy Reunion at Stamford next week, named by the Hamlin Business and Professional Women's Club is Rebecca Ann Ferguson (above). She will ride in the grand entries and parades aboard her sorrel horse Chief.

## Cardinals Continue Hold on Top Standing in Little League Loop

Cardinals of the Hamlin Little League baseball loop continued their hold on the league after four weeks of play after last week's games. With a six won, three lost and two tie record, they had an average of .590, which was not too far ahead of the Yankees who held a .550 percentage.

The standings after last week's games looked like this:

Team—	W.	L.	T.	Pct.
Cardinals	6	3	2	.590
Yankees	5	4	1	.550
Braves	4	4	2	.500
Giants	3	7	1	.318

### Results Last Week.

Monday—Braves 7, Cardinals 4.  
Tuesday—Yankees 12, Giants 11.  
Thursday—Braves 6, Yankees 0.  
Friday—Cardinals 6, Giants 4.

## Hamlin Teachers in College Art Workshop

Viola Avants, Mrs. W. D. Stell and Mrs. Fred Smith, teachers in Hamlin Primary School, attended the art workshop at McMurry College in Abilene last week.

Sherwood Sulter, assistant professor of art at McMurry, was instructor. He was awarded the Danforth summer seminar scholarship for the three-week session in Iowa State University.

## Improvements at Field North of Hamlin Planned

Further improvements are being planned at the Hamlin city airport, one mile north of the Katy Railway depot, according to the airport committee of the Hamlin Board of Community Development.

The committee, headed by L. E. (Gene) Prewitt, reported at last week's meeting of the BCD board of directors that assistance in the airport improvement has been promised Hamlin by the Civil Aeronautics Authority, a federal agency aiding cities in standardizing and improving airport facilities. An inspection of the local airport facilities will be made by engineers of the CAA and recommendations of improvement will be made.

It is probable that some financial assistance will be offered for the local project, Prewitt said.

Recently, through efforts of the BCD committee the field has been rehabilitated. Both east-west and north-south runways have been improved to accommodate small and medium size aircraft. Increasing demand for airport facilities at Hamlin have been made. Several oil companies with operations at Hamlin have requested improvement of the field.

John C. Bryant, BCD first vice president, presided at last week's meeting in the absence of President Carl Murrell.

New signs have been made for the BCD office, upstairs in the city hall; a welcome sign to be erected on the southeast entrance of the city; and a sign alongside the Hamlin airport.

Rev. W. C. Hanna was named a new director of the organization to replace Rev. Henry C. Adair, who recently was transferred to the Goree Methodist Church as pastor. He is chairman of the church and community relations committee.

### VISIT FROM MIDLAND.

Mr. and Mrs. D. A. McCoy and girls of Midland were guests last week-end in the home of his brother, J. E. (Runt) McCoy.

### GUESTS OF GREENWAYS.

Mr. and Mrs. Delbert Barron and three sons spent the week-end with her parents, Mr. and Mrs. Roscoe Greenway.

## Land in Hamlin To Be Condemned As Final Action

Contract on the long delayed Highway 92 project from Hamlin to Stamford will be ready for letting at the August session of the Texas Highway Commission in Austin. It was announced first of the week by County Judge H. G. (Pete) Andrews, who was in Hamlin winding up details on securing deeds to the last right-of-way stretch.

The 13-mile straightening and widening project has been hanging fire for nearly two years. All sorts of difficulties with routing of the project and securing right-of-way have held up the contract. Funds for the \$600,000 roadway have been appropriated for many months.

With letting of the contract in August, actual work should get underway by September 1, and except for final hot topping (which must be done in hot weather) should be completed during the winter, the judge believes.

Final deeds for right-of-way on the Highway 92 project were signed last week, said Andrews. Deeds from seven unknown owners in the Hamlin east city limits still are not signed, but condemnation proceedings were started this week to secure little strips along the proposed route. Only formalities, such as hearings at the city hall in Hamlin on July 21, remain in this connection.

Right-of-way for the farm-to-market highway angling off the Highway 92 roadway south of the Midwest Cooperative Oil Mill in East Hamlin, north to Old Glory, has all been secured, and letting on this project is scheduled next month. Most of the fences have been moved back on this route. A new bridge over the Double Mountain Fork of the Brazos River, six miles south of Old Glory, will be included in the highway contract.

## TB Tests Being Made On Cattle in County As Free DA Service

Conducting tests on Jones County cattle for tuberculosis is a Department of Agriculture veterinary livestock inspector. The government is conducting this test to give the county a modifying tuberculosis-free accreditation.

All cattle can be tested, it is announced—beef and dairy cattle from a day old up, with no charge to the cattle owners.

It would be hard to estimate the value of this test in controlling this disease in the livestock industry and also in humans, points out County Agent Kirby Clayton. The cooperation of all Jones County livestock owners is solicited so that the program may be carried on as rapidly as possible.

If you desire to have your cattle tested before you are contacted, you may get in touch with Dr. Sid Allen through the county agent's office at Anson.

## Who's New This Week

Three new citizens have been reported at the Hamlin Memorial Hospital since last week's report in The Herald. All three boys they are:

A boy for Mr. and Mrs. Leroy Morrow of Guthrie was born on June 14. Weighing six pounds two ounces, the youngster has been named Ronnie Wayne.

A boy arrived for Mr. and Mrs. Howard Tweedle on June 17. He will answer to Howard Foy Jr. At birth he tipped the scales at seven pounds three ounces.

A boy for Mr. and Mrs. Robert Spalding was born June 18. He weighed in at seven pounds nine ounces, and announced that Roy Glen would suit him for a name.

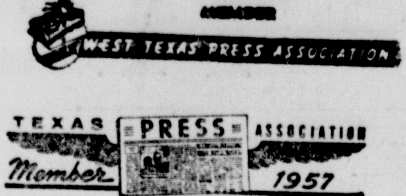

THE RAMP—This short funicular railway takes fishermen from the top of a high bluff to river level below Marble Falls Dam, where some of the state's best white bass and cat fishing has been reported. The car operates on a cable, and the riders punch the "up" or "down" buttons. The ramp was dreamed up by Dr. C. H. Roper, an Austin dentist who once caught a limit string of white bass after climbing down the bluff.

## FIGHTING INSECTS IS VITAL TO COTTON CROP

With prospects now looking bright for a good cotton crop in the Hamlin territory, the protection of the crop from insects becomes more and more a matter of vital concern by the alert farmer who wants to make the most from his cotton.

No cotton farmer has to be told about the reduction in profits that insects can cause. But luckily, cotton insects can be controlled economically by the use of the proper poisons at the right time.

Controlling damaging infestations of boll weevils, bollworms and other insects on cotton growing on fertile soils returns substantial profits even when a large number of applications is necessary for maximum yields. On upland soils where insect infestations do not last long, fewer applications may be needed.

Giving information and recommendations for the control of the various cotton insects is the theme of two leaflets recently released by the Texas Agricultural Extension Service, L-212, "Texas Guide for Controlling Cotton Insects," and L-219, "Ways to Fight the Pink Bollworm in Texas."

Bulletin L-218 deals with the more harmful cotton insects. It contains a chart giving the recommended controls and also general information including points on the safe handling of insecticides.

Bulletin L-219 deals with the pink bollworm specifically. It tells about the habits and damage of the insect and gives special attention on the ways to fight it.

Copies of the leaflets may be obtained from local county agents or from the Agricultural Information Office, College Station, Texas.

## The Will to Win

Ever see a star fall? In the early 1900s, Dan O'Sullivan saw his star fall. He lost his job and times were tough—too tough even to buy a needed pair of shoes. So he patched his old shoes with pieces of rubber, only to find that rubber gave his step a pleasantness he had never before felt. He reached for another star, and came up with patented rubber heels—and got rich practically overnight.

A Philadelphia named Lyman once reached for another star, and conceived the idea of adding an eraser to pencil tops. A month later he sold the idea for \$100,000.

John Hyatt once reached for another star. It turned out to be a certain synthetic substance that replaced expensive ivory in the manufacture of billiard balls. The star accidentally turned out to be celluloid—celluloid that turned into gold for Hyatt.

Once there was a minister who became discouraged, and turned to school teaching, again to preaching; then he reached for still another star. His name was Solyman Brown, inventor of dentistry as an organized profession.

A discouraged London physician — A. J. Cronin by name—reached for another star and found "The Keys of the Kingdom" on it.

Then there was perhaps the "failingest" man that ever lived. He was always reaching for another star—and getting burned. But finally he reached again, and pulled down a bright one. This man was Thomas A. Edison.

Another man struggled much of his life reaching for the star that would win him recognition as a painter. At 41 years of age he reached for stars in another field. His name: Samuel F. B. Morse of telegraph fame.

## Trees Have Rights

"I think that I shall never see a poem as lovely as a tree," sang the lamented Joyce Kilmer, and millions of tree lovers agree with him, and give his eulogy to trees a place in their hearts.

A man in Oxford, Georgia, has freed a white oak from its servitude to the whims of man by deeding it to itself forever. This deed, officially recorded by the city commissioners, gives the oak 300 square feet of land, and "sincere affection entertained by our citizens for this great work of nature."

Trees have rights, and a people altogether too free with the ax are beginning to awake to these rights. Of all nature's impressive gifts the tree is the most majestic of living things. It serves with its shade, its pulp, its fruit. It conserves the rain, to quench man's thirst; it breaks the force of mighty winds; it gives joy to the eye and peace to the soul. Old trees become landmarks, loved and remembered. Old trees know many a tryst, and bear the marks of many a lover's pledge. Trees have rights, if only squatter's rights, to the soil they nurture, irrigate and work.

"Poems are made by fools like me, but only God can make a tree."

## Patience Pays Off

A story is told of Sir Isaac Pitman. Sir Isaac was seated at his desk one day when an office boy came in and asked for some ink. He was told to go to the storeroom, but in reaching for it the bottle fell directly upon an important lithograph made by the eminent man, ruining it completely.

Sir Isaac merely said, "Well, my lad, you have spoiled my work. I shall have to do it over again, but I shall do it better."

The story reveals typical characteristics of great leaders: patience, forbearance, self control, gentle demeanor and determination to improve previous efforts.

A mother was busily engaged in sewing. She asked her daughter to thread a needle for her. The girl tried repeatedly, but the thread would not enter the eye of the needle, and she became greatly vexed. "You cannot possibly do it now," said the mother calmly, and taking the needle, threaded it quickly.

Less of temper puts one in a mental state of helplessness. Anger destroys power of direction. The angry person speaks loudly enough, but consistently says the wrong thing. If a thing cannot be accomplished by patience, it will fail even more dismally when patience is lost.

## The Sweetest Home

The sweetest home is a little home,  
With a dear little mother in it.  
And if in your heart there's a little song  
For the mother you love, begin it;  
For this is her hour and this her day,  
Though she's living afar or near you;  
In a mansion fair or a shack out there,  
The mother you love will hear you!

The sweetest home is a quiet home,  
With a peace that a mother wills it.  
And you're still her child, though you're far away,  
For she holds to you heart and fills it  
With the memories of a time gone by,  
When you whispered the prayers she taught you;  
And she can't forget, though her eyes be wet,  
How great was the price that bought you.

The sweetest home is a God-blessed home  
That rests near a humble byway,  
And always the fairest one within  
Is a mother who shuns the highway  
Where evil struts in a robe of red,  
Where devilish imps will call you.  
Go back to her knee, to her warm arms flee,  
And never shall ill befall you.

The talk is of tax cuts as a pump priming device at the national level to cope with the recession. This is deficit financing of the most extreme nature, in which all possibility of a pay-as-you-go policy is chucked out the window. How can the government expect its citizens to be thrifty when it gives no heed to tomorrow's bills?—Waltham (Mass.) Tribune.

## RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper The Herald.

### THIRTY YEARS AGO.

Goings-on in the Hamlin community 30 years ago included the following, being news briefs taken from the issue of The Hamlin Herald dated June 29, 1928:

Thursday evening of last week Hamlin and vicinity narrowly escaped a cyclone. The wind, rain and hail in nearby areas was furious, many crops being wiped completely out.

W. B. McCain of Sumerton, Arizona, came Friday of last week to visit his son, Martin McCain, while on his way to Pine Bluff, Arkansas, his old home.

Mr. and Mrs. A. Q. Cooper returned to their home in Odessa Monday after a visit with their daughter, Mrs. E. Clyde Smith.

City officers report that several cases of stolen automobile tires, poultry, harness and other items in North Hamlin by night prowlers.

Evelyn Ballew returned Sunday from Sweetwater, where she spent several days as the guest of Lillian Gray.

J. B. Adkins of the M System Store and Oscar Owens of Help-Self, are spending a week fishing at Lake Kemp.

### TWENTY YEARS AGO.

Items of interest in the news 20 years ago at Hamlin included the following, reproduced from the issue of The Hamlin Herald dated June 24, 1938:

More than 170 carloads of wheat have rolled out of the Hamlin territory during the past several days as the 1938 wheat crop has turned out nicely.

Parker May of Washington, D. C., accompanied by a friend, Flora Booth also of Washington, arrived Sunday to visit with his parents, Mr. and Mrs. M. P. May.

Hamlin Masonic Lodge elected officers Monday evening for the ensuing year. They are: Ira A. Clements, worshipful master; W. G. Rountree, senior warden; C. S. Barrow, junior warden; J. W. Ezell, treasurer; W. E. Benson, secretary; J. O. Hoyer, tiler. Appointive officers are: J. W. McCrary, senior deacon; V. V. Anderson, junior deacon.

J. Fred Hawkins of Anson is visiting his grandparents, Mr. and Mrs. R. O. Proctor, this week. He is six years of age.

### TEN YEARS AGO.

From the issue of The Hamlin Herald dated July 2, 1948, the following news briefs of 10 years ago are reprinted:

Stanley Carmichael was installed as new president of the Hamlin Lions Club at installation rites at the weekly club meeting Tuesday. Other officers installed by District Governor Marvin C. Culbertson of Vernon included: A. G. Irwin, first vice president; Jim Howard King, second vice president; Clyde Angel, third vice president; C. C. Bailey, secretary; Onis Crawford, treasurer; Herman Treadwell, tail twister; Arlie Castle, Lion tamer.

Hamlin territory received another good rain over the weekend. The fall measured 3.08 inches at Hamlin.

M. P. May, 77-year-old pioneer of the section, died of a heart attack Friday.

### FIVE YEARS AGO.

Files of five years ago reveal the following news items of the community five years ago, taken from the issue of The Hamlin Herald dated July 3, 1953:

Although crops in the area are suffering for moisture a check of records reveals that rainfall total has been more than 70 per cent of normal, but the rains have come at inopportune times.

Mayor Mac Brundage advised this week that the recently completed water pipeline from Stamford to Hamlin will not be tied in to bring water from Paint Creek Lake for about two weeks yet.

Publisher Willard Jones of The Herald, who lost most of his right hand on June 19 in a pressroom accident, was moved last Thursday to a Fort Worth hospital, where he will undergo plastic surgery.

### ONE YEAR AGO.

News events in the area of one year ago included the following, reprinted from the issue of The Herald dated June 28, 1957:

Twenty-two members of Hamlin Boy Scout Troop 43 are at Camp Tonkawa, south of Abilene, this week at the annual council camp.

Preliminary work on widening Highway 83 south of the Santa Fe depot has been begun. Gas mains will have to be moved before major work can be done, says O. D. Roland, mayor.

## Livestock Continues to Bring Good Prices. Hogs Hit High of Three Years

A total of 2,152 steer and feeder calves and yearlings were sold in the first double header sales at Fort Worth last week. Prices were strong, and the cattle grossed \$312,917.47 in the sales, according to the weekly market summary of Ted Gaudy, special market reporter of The Herald at Fort Worth.

The 1,372 Herefords grossed \$203,832.45 and averaged \$148.56 per head. The 780 Angus grossed \$109,085.02 and averaged \$139.84 per head. The Herefords included a larger percentage of heavier yearlings.

Top steer calves cashed at \$30 to \$36, and heifer calves ranged from \$32.50 downward.

The brisk trade and the strong prices were interpreted by market observers as an indication of the currently strong position of the cattle business and the optimism with which buyers of cattle view the future.

Excellent pasture and feed conditions have put cattle in strong asking prices.

Trade was active and prices were strong to unevenly higher in all divisions of the livestock market at Fort Worth Monday. Cattle and calves were sharply curtailed, supply there due to rains and showers in recent days in the territory which has freshened pastures and assured green feed for a while longer. The cattle numbers around the major marketing circle were also nearly 20 per cent smaller as 15,000 fewer arrived than on the same day last week.

Trade got underway quickly at Fort Worth and prices ranged from steady to 25 to 50 cents higher on the cattle and calves. Most strength was noted on cows and calves.

Good and choice slaughter steers and yearlings cashed at \$24.50 to \$27, and common and medium slaughter steers and yearlings drew \$16 to \$24.

Fat cows ranged from \$17.50 to \$21, and canners and cutters drew \$12 to \$17.50, a few strong weight cutters to \$18. Bulls returned \$17 to \$22.

Good to choice slaughter calves brought \$24.50 to \$27.50, a few fancy calves to \$28. Common and medium offshoots cashed at \$17.50 to \$24. Cull sorts ranged from \$14 to \$17.50.

Good and choice steer calves ranged from \$27 to \$32, and heifer calves ranged from \$27.50 downward. Lightweight steer yearlings cashed at \$27 down, and feeder steers sold from \$25.50 downward. Some load lots of feeder steers cashed

at \$24.50 and \$25.50, and some feeder yearling steers reached \$26.

Butcher hogs were 50 cents to \$1 higher at Fort Worth Monday as the numbers were light and the seasonal strength of swine prices developed as expected.

Hog prices soared to the best levels since July 14, 1954, as choice hogs topped at \$24.25 to \$24.75. Medium and good butchers cashed at \$22 to \$24. Sows ranged from \$19 to \$21. Stags cashed at \$11 to \$16, and a few boars cashed at \$10 to \$12.

Sheep and lambs drew fully steady to strong prices. Good and choice spring lambs cashed at \$21 to \$23, and those at the higher figure carried a percentage of just good grades. Cull to medium spring lambs sold from \$14 to \$20.50. Stocker and feeder lambs were considerably more active and spots were 50 cents higher, as the bulk of those lambs sold from \$18 to \$19. Some choice shorn spring lambs cashed at \$21.50.

Yearling lambs of good to choice grades cashed at \$17 to \$18, and cull to medium yearlings cashed at \$13 to \$15. Hog wethers cashed at \$8 to \$12 and some big weights of around 150 pounds and upwards were bid in the \$7 to \$9 bucket. Slaughter ewes sold from \$5.50 to \$7, and a few aged ewes for stocker purposes sold from \$8 to \$12. A few weaning ewes drew \$4.50. Slaughter bucks sold around \$6, and some aged bucks went back to the territory at around \$7.50. Two-year-olds netted \$15 down.

**Elmer Rhoton Takes Training in Germany**  
Army Private First Class Elmer E. Rhoton, son of Mr. and Mrs. Marvin L. Rhoton of 512 Northwest Avenue F in Hamlin, recently participated in a field training exercise conducted by the Eighth Infantry Division near Baumholder, Germany, according to a release to The Herald from the Baumholder base.

Rhoton, a light machine gunner in Company B of the division's 8th Infantry, entered the Army in June, 1957, and completed basic training at Fort Riley, Kansas. He is a 1957 graduate of Hamlin High School.

There are individuals in every community who care little for the respect of the people if they can get 100 per cent.

MISS TEXAS—Linda Daugherty, 18, of Abilene, beams as she holds the winner's trophy after being chosen to represent the Lone Star State in the Miss Universe contest at Long Beach, California, next month. Linda, entered as Miss Abilene, is five feet six inches tall, weighs 130 pounds and measures 37-24-37. The hazel eyed beauty won over 10 other contestants in the state finals at Lake Whitney.

## Ted K. Wright Takes Part in Joint Navy Maneuvers in East

Ted K. Wright, electronics technician third class in the U. S. Navy, son of Mr. and Mrs. Jack Wright of Star Route, Hamlin, is serving aboard the destroyer USS Agerholm in the Far East. During April 30-May 14 the Agerholm took part in the joint SEATO Forces operation "Ocean Link" involving navies from Australia, New Zealand, Pakistan, the United Kingdom and the United States.

Designed to coordinate these nation members, the two-week operation consisted of anti-submarine warfare exercise, gunnery competition, air defense and replenishment operations.

Following the maneuver, the destroyer crew visited Buckner Bay, Okinawa, on May 24.

## Working Sheep Dog to be Cowboy Reunion Feature

Visitors to the Texas Cowboy Reunion at Stamford, July 2, 3 and 4, will have the opportunity to see the working border Collies which caught the fancy of all those who saw this act at the show some 11 years ago when Dewey Jontz, field representative of the Iowa State Sheep Association, brought the famous Imported Tess to Stamford.

This year Jontz, who is one of the most widely known men in the business of working and breeding these dogs in this country, will have his famous female, Muff, daughter of Imported Tess. Muff is quite a star in her own right, having been on many national television shows and appeared at many of the nation's outstanding shows. She is an international champion in both male and female divisions, having won in the national Plowing Matches in 1956 and the invitation trials at the Calgary Stampede.

Shepherds used this type of dog four centuries ago in Great Britain, where they are as old as the sheep industry itself, and nowadays they are also used with livestock and poultry. When one watches the coordinated effort of the man and dog, it is as an unwritten message between them. It has been said of the old British shepherds that, should you visit one of them in quest of one of the dogs, you would find him more willing to part with his wife.

### THE OTHER STANDARD.

Enough is what would satisfy us if the neighbors didn't have more.

### IT TALKS LOUDER.

**HOW ARE THINGS AT THE RANCH?**—William A. Blackley (left), candidate for the U. S. Senate, talks with his ranch foreman, L. L. Parr III, in Abilene at a chuck wagon supper. Blackley opened his campaign with an all-day affair billed as the Blackley round-up time in West Texas.

## Paint Creek, Fort Phantom and Other Lakes of Region Show Water Gains

Although the Hamlin area generally could use some more moisture at this time, some sections of the state have had above normal rainfall and run-off, according to the monthly water conditions report issued by the Board of Water Engineers for Texas.

Paint Creek Lake, from which Hamlin gets much of its domestic water supply, Fort Phantom Lake and others in the region contain more water than they have generally the past several years at this time.

Highlights of the state water conditions report, with special attention for this section of West Central Texas, follow:

The heavy rains of late April and early May caused flood run-off from the Sulphur River in Northeast Texas to the Guadalupe River basin in Central Texas. The volume of upstream run-off early in May was sufficient to cause above normal discharge on the lower reaches of the main rivers. By the end of the month flows in these streams were largely due to releases from upstream reservoirs. Run-off in the upper Colorado River basin and westward was moderate to deficient.

Total usable water in major Texas reservoirs rose 250,000 acre feet during May to 9,588,620 acre feet, which is 94 per cent of conservation capacity. Flood waters in storage due to orderly release amount to 3,041,300 acre feet.

In general, rainfall for the month was below normal except

for Midland, Odessa, Waco and Wichita Falls. However, cumulative amounts are above normal for the year at all reporting stations except Galveston, Houston, Port Arthur, Beaumont, Victoria and Waco.

Water levels rose from 1.6 to 3.8 feet in the selected observation wells at Uvalde, San Antonio, in the Winter Garden area near La Pryor, and in Travis County near Buda. Declines of water level from 0.5 to 3.0 feet were recorded in the observation wells at El Paso, Alief, Pasadena and in Atascosa County near Poteet.

Reports on lakes in the Central West Texas area, in which people of the territory are interested, are given:

Fort Phantom Hill near Nugent contained 74,130 acre feet, which was 100 per cent of capacity.

Paint Creek near Stamford had 60,000 acre feet of water, which was 76 per cent of capacity. At the same time a year ago it contained 79 per cent.

Possum Kingdom Lake near Graford contained 724,700 acre feet of water, which was 91 per cent of capacity. Last year at the same time it contained 95 per cent of capacity.

Lake J. B. Thomas near Snyder contained 196,000 acre feet, which was 97 per cent of capacity. A year ago it held 85 per cent of capacity.

Oak Creek Lake near Blackwell held 105,900 acre feet, which was 89 per cent of capacity.

## Every Motorist Needs Part in Push To Trim Accidents

"Everyone should do more to reduce the appalling number of deaths and injuries on our nation's highways."

In those words J. O. Musick, general manager of the Texas Safety Association, launched the June phase of the slow-down-and-live program which is being supported by the Texas Safety Association, with the cooperation of the National Safety Council, to give further support to the nationwide back-the-attack-on-traffic-accidents campaign.

Musick said that every motorist in Texas can help two ways—one, by starting his own personal campaign to cut down on traffic injuries and fatalities by adjusting his driving speed to the conditions of the road, weather, vehicle and himself; and, two, by backing stepped-up speed control measures by the traffic agencies or police department. He said that even though drivers stay within the posted speed limit they are still considered speeders if they are driving with their brakes in poor shape or on roads that are wet or crowded. Urging drivers to keep alert behind the wheel and not to let sleepiness, anger or impatience influence their actions while driving, he also advised against mopey driving which creates traffic delays and sets up accident causing incidents.

"Improper speed can be a murderous act," Musick said. "Control it, and you'll be helping to cut down on deadly and tragic traffic crashes. Speed violations were factors in 57 per cent of all rural Texas traffic accidents in 1957.

"It's better to be outdistanced than outlived, so drive with care!"

## Exhibits About Texas Higher Education to Be State Fair Feature

"Higher Education in Texas," a coordinated effort representing all the state's colleges and universities, has been announced as major phase of the 1958 State Fair of Texas, October 4 to 19, in Dallas.

Approximately 80 junior and senior, private and state-supported institutions will actively participate in the project which will include a variety of cultural and scientific exhibits and entertainment features at the fair.

"Aim of the project will be to dramatically point up the importance of higher education, particularly in the present era in which science and technology are becoming increasingly more vital," said James H. Stewart, executive vice president and general manager of the fair.

## Mary Willingham Becomes Bride of Kenneth Holloway in Church Wedding

Wedding vows were exchanged at 7:30 p. m. Saturday by Mary Margaret Willingham and Lieutenant Kenneth L. Holloway at the Hamlin First Methodist Church with Rev. Edmund W. Robb, pastor, officiating.

The bride is the daughter of Mr. and Mrs. Tarlton Willingham of Hamlin. Lieutenant Holloway is the son of Mr. and Mrs. Henry Holloway of Anson.

Traditional wedding music was provided by Mrs. Brad Rowland, organist, and Bobby Norton, soloist, who sang "I Love Thee," "Because" and "The Lord's Prayer."

Floor baskets of giant yellow daisies before a background of candelabra holding yellow tapers formed the setting for the ceremony. A giant green palm formed an arrangement in the center background. Small palms complimented the candelabra. A satin kneeling bench centered the nuptial setting.

Given in marriage by her father, the bride wore a gown of pearl white imported Shiffl embroidered tulle over satin. The fitted bodice of shirred tulle was accented by a molded band of Shiffl embroidery. The brief shirred sleeves were complimented by matching gauntlets. The very bouffant skirt was designed with a deep overskirt scalloped at the bottom and falling over a deep tulle dust ruffle that fell to carpet length. The triple French illusion finger-tip veil fell from a queen's crown of seed pearls. The bride carried a white orchid complimented by cascades of stephanotis on a white satin-covered Bible. The Bible was given to the bride's aunt, the late Gertrude Young, over 50 years ago.

Attending the bride as matron-of-honor was Mrs. Spero Constantine of Midland. Bridesmaids were Mrs. R. B. King Jr. of Fort Worth, Nancy White of Dublin, Martha Willingham of Corpus Christi and Elizabeth Johnson of Hamlin. Jeanne Marie Young of Hamlin was flower girl, and Jerry Stephens of Fort Worth was the ring bearer.

The attendants wore identical frocks of maize lace and taffeta. The lace bodices were designed with low necklines and brief sleeves. A taffeta cummerbund

encircled the waist and finished in a back butterfly bow. Unpressed pleats formed the waltz length skirts. The attendants wore identical headresses fashioned of pearls and maize tulle. They carried garden bouquets of giant white daisies.

The flower girl wore a dress of white taffeta fashioned similar to the attendants' dresses. She wore a maize and white flower bandeau and dropped white rose petals from a yellow net basket.

Don Holloway of Anson served

**HONEYMOONING IN MEXICO** are Mr. and Mrs. Kenneth L. Holloway, following their marriage Saturday evening at the First Methodist Church. Mrs. Holloway (above) before her marriage was Mary Margaret Willingham, daughter of Mr. and Mrs. Tarlton Willingham of Hamlin. Young Holloway is the son of Mr. and Mrs. Henry Holloway of Anson. The newlyweds will be at home after July 15 at Junction City, Kansas.

his brother as best man. Grooms-men and ushers were Jack Willingham of Hamlin, brother of the bride, Lieutenant Jim McCue of Fort Riley, Kansas, and Don Tabb of Albany. Lieutenant McCue and Don Tabb also served as candle-lighters.

The bride is a graduate of Stephens College, Columbia, Missouri, and of Texas Christian University at Fort Worth, where she was a member of Kappa Alpha Theta sorority. The groom is a graduate of Texas A. & M. College. Lieutenant Holloway is now stationed at Fort Riley, Kansas, where he is the communications officer in the First Medium Tank Battalion of the 69th Armor.

Several Hamlin girls who are members of the Intermediate Girls' Auxiliaries of the First Baptist and North Central Avenue Baptist Churches are this week attending the annual Intermediate LA camp at Lueders.

The camp opened Monday and will continue through Thursday (today). Girls going to the camp are Geneva and Leona Brinegar, Dixie Daniels, Beth Christian, Sarah Snapp and Laverne Stuart.

Mrs. Lesley Shelburne was the chaperone for the Hamlin group.

**COOKING IN ALUMINUM FOIL IS PRACTICAL AND SAVES DISH WASHING**

For a camping trip, a picnic or a meal in the back yard, food cooked in aluminum foil is delicious and easy to do. You can bake and serve in the foil and save on dish washing.

Vegetables, meats and fruits can be "pressure cooked" in their own juices this way, with only a bit of seasoning, shortening, butter or bacon added for flavor and moisture.

For best results, extension foods and nutrition specialists offer these suggestions:

Wrap carefully. Piece of foil should be large enough to allow for drug store wrap. Place food in center. Add butter or fat and seasonings. Fold edges until tight on food. Double the layer around the food by repeating the process with another piece of foil.

Place package directly on a bed of hot coals. Never use a flaming fire (except when using a reflector oven).

Cooking time will vary with type of firewood, wind strength and other factors. Recipes can give only approximate time. Turn food package at approximately half its cooking time.

Serve contents directly from the wrap, doing away with a dish or plate.

Details on foil cookery are given in the bulletin on "Food for Camp." Get a copy from your local county extension agent's office.

**SAY THAT AGAIN.**

"Now," said the saleslady in a millinery shop to a prospective customer, "here's a hat that will never go out of style. It will look just as silly next year as it does now."

## Mrs. Jack Bessire, Recent Bride, Feted At Gift Tea June 12

Mrs. Jack Bessire, nee Donna Kidd, was honored at a gift tea on June 12 in the home of Mrs. Austin Siburt.

Guests were greeted by Mrs. Siburt, who presented Mrs. Lonnie Kidd, mother of the bride; the honoree; Mrs. J. C. Bessire, mother of the bridegroom; Mrs. Ben Westerman, sister of the bridegroom; Mrs. L. B. Holden, grandmother of the bridegroom.

Mrs. S. A. Teague directed the guests to the serving table. The table was covered with a pale green cloth overlaid with a white cut-work cloth.

The centerpiece of white daisies and fern was reflected by a large mirror and flanked by white candles in crystal candelabra.

Jerry Runfield presided at the serving table, assisted by Benita Smith, Bette Teague and Gloria Rodgers.

Mrs. Irvin Smith and Mrs. Bert Fomby directed guests to the bedrooms, where the gifts were displayed by Mrs. L. B. Gage, Mrs. Sam Terrell and Mrs. Boots Cranford.

Nancy Snyder registered the guests and Mrs. Cecil Brown said the good-byes. Other hostesses were Mrs. Jackie Fletcher, Mrs. W. H. Hallmark, Mrs. O. E. Brand, Mrs. W. B. Britton and Mrs. L. N. Minton.

## Intermediate GAs Go To Baptist Camp

Several Hamlin girls who are members of the Intermediate Girls' Auxiliaries of the First Baptist and North Central Avenue Baptist Churches are this week attending the annual Intermediate LA camp at Lueders.

The camp opened Monday and will continue through Thursday (today). Girls going to the camp are Geneva and Leona Brinegar, Dixie Daniels, Beth Christian, Sarah Snapp and Laverne Stuart.

Mrs. Lesley Shelburne was the chaperone for the Hamlin group.

**VISIT FROM MOODY.**

Mr. and Mrs. J. W. Gay of Moody visited with his sisters, Mrs. O. L. Jenkins and May Gay, over the week-end. He is editor of The Moody Courier.

**VISIT WITH RELATIVES.**

Mr. and Mrs. R. G. Stephenson, daughter and son of Tucumcari, New Mexico, and Mrs. S. G. Caruth of Port Arthur were guests for several days of Mrs. Elva Stephenson and Mr. and Mrs. Virgil Steele.

**TRUTH OF THE MATTER.**

"Do you go to school, my boy?" asked the visitor.

"Naw," replied the little fellow, "I'm sent."

**Imagine Being Happy During CHANGE-OF-LIFE!**

Thousands of women now go "smiling through" those trying years—without awful suffering from "hot flashes"! Countless women have found you no longer have to feel sickly, "old" before your time. Today, many can enjoy change-of-life—without terrible suffering!

Pinkham's Tablets have been developed especially to relieve those functionally-caused "female miseries." Their unique formula includes blood building iron! With Pinkham's Tablets,

you can escape much of the "hot flashes", irritability. You're ready to start living again!

**NO PAINFUL SHOTS!**

8 out of 10 tested by doctors got thrilling relief—without costly shots! Why not you? Get Lydia E. Pinkham's Tablets at drug stores. See if you don't find new happiness during change-of-life!

**IF YOU PREFER A LIQUID,** druggists also have Lydia E. Pinkham's Vegetable Compound.

## Methodist Women Meet in Carlton Home

Members of the Cooke Circle of the Woman's Society of Christian Service of the First Methodist Church met in the home of Mrs. A. B. Carlton with eight of the group present.

Mrs. Carlton and Mrs. Delbert Rountree gave the program on "World Federation of Methodist Women." Each attendant answered roll call with comment about missionary work of the church in various places.

The hostess served refreshments to attendees. The group will meet with Mrs. Fred Carpenter on July 4.

## Fudge-Corrigan Rites Scheduled for July 12

S. C. Fudge is announcing the engagement and approaching marriage of his daughter, Anna Lou, to DeVaughn Corrigan, son of Mrs. C. L. Stinnett.

The wedding will be July 12 at 8:00 o'clock p. m. at the Hamlin Church of Christ. Austin Siburt, minister of the church, will officiate at the ceremonies.

**Donne Croan Given Party for Birthday**

Donne Croan, daughter of Mr. and Mrs. J. J. Croan, celebrated her fourth birthday last Thursday with a party at her home.

After a series of games in the yard, a luncheon was served to the following little friends: Latrese Williams, Vicki Harrison, Marsha Westmoreland, Jan Gardner, Patty Pattillo, Denise Preston, Linda Jean Witt, Denise Russell, Wendy Russell, Terry Gregory, Jan Young, Jimmy Lou Bishop, Kevin McHaffey and Angie Thompson.

Assisting Mrs. Croan with the party was Jorene Hudspeth.

## Ginger Rapijohn of Hamlin Presides at Area FHA Meeting

Ginger Rapijohn of the Hamlin High School chapter of Future Homemakers of America presided this week at a leadership training conference and workshop for officers of FHA, Texas Association, Area 4, this week at Stephenville.

The 10 area officers, their sponsors and 20 other chapter officers attended. Purpose of the conference was to make plans for the coming year; clarify the responsibilities of each officer; and have an executive council meeting.

Those attending from Hamlin were Ginger, Darla Harkey, Libby Johnson and their sponsor, Mrs. James E. Simmons.

## Children and Money Is Topic for Meeting Of Friendship Club

Mrs. Fred Carpenter gave an interesting program on "Children and Money" when members of the Friendship Home Demonstration Club met June 13 at the oil mill guest house.

A council report was given by Mrs. Sol Branscum. A report on the last meeting of the Hamlin Women's Forum was given by Mrs. John Hix.

Tea and cookies were served by the hostess, Mrs. M. S. Johnson, to Mrs. Fred Young, John Hix, Fred Carpenter, Sol Branscum, Richard Young, D. W. Carlton, W. H. Murphree, B. H. Gardner, M. E. Green and Gean Witt.

**CREDIT WHERE DUE.**

The judge, who was about to deliver a severe sentence, looked at the defendant and began: "This robbery was consummated in an adroit and skillful manner."

The prisoner blushed and interrupted: "Come now, your honor. No flattery, please."

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Austin. — First drouth, then floods and now grasshoppers have come to plague disaster weary Texas farmers.

After touring the affected area in the Panhandle, Governor Price Daniel called it the worst grasshopper infestation in 20 years. Unless checked, he said, the hoppers could destroy much of the crops and pasture in 26 counties.

County, state and federal agencies worked with landowners to get crews to spray the hatching grounds along roadways. State Department of Agriculture, Texas Highway Department, National Guard and defense and disaster relief office are cooperating in the battle. Aim is to try to kill the insects before they leave the hatching grounds and start chewing their way into crops for which farmers had high hopes this year.

Another threat is fund shortage. At a cost of some \$3,000 a day for spraying crews, Texas Department of Agriculture's emergency funds dwindled fast.

Governor Daniel expressed hope that some federal assistance might be obtained.

**Cox Appeal Denied.**—Ex-Representative James E. Cox of Conroe has lost another round in his fight against a two-year prison sentence.

## Most of Accidents In Traffic Really Are Not Accidents

"How accidental are traffic accidents?"

This question was asked by J. O. Musick, general manager of the Texas Safety Association, this week in connection with TSA's current slow-down-and-live safety program for Texas.

"Term 'accident' hardly seems appropriate for mishaps on the highway that are invited through careless or unlawful acts," Musick said. Of course, many violations are not deliberate—just inattention or an impulse to take a chance—but they are still inexcusable because of the damage they cause."

Musick said some people, through their carelessness behind the wheel, commit hari-kari by using an automobile instead of a Japanese dagger. He changed the suicidal term slightly by calling it "hurri-kari."

"Improper speed doesn't shorten the road; it shortens life," Musick said. "And this is the central theme of the slow-down-and-live program. We hope the campaign will call motorists' attention to the dangers of excessive speed, which accounted for 57 per cent of all rural fatal accidents in Texas during 1957."

Musick defined excessive speed as being any speed which is unsafe—in the face of road, traffic, mechanical, climatic and other physical conditions which present driving hazards.

authority to allocate federal funds under the Hill-Burton act to match local funds for hospital building. Its policy has been to announce names of hospitals approved to receive funds, but not those rejected or why.

Newsman had been openly critical of the board for barring the press from its meetings. Holle said minutes of the board meetings were available to the public after formal approval at the next meeting—three months later.

**Try, Try Again.**—Texas Supreme Court is again being asked to referee the battle of appointments

that has brought the state insurance liquidation to "utter chaos." Latest deadlock developed when Insurance Commissioner William A. Harrison fired liquidator James M. Williamson (in office only 10 weeks) and replaced him with C. M. Landeau, formerly first deputy. But District Judge Charles O. Betts, one of three Austin judges handling insurance receivership cases, refused to accept Landeau as receiver for the cases in his court. He named another attorney. Other two judges accepted Landeau.

On behalf of the insurance department, Attorney General Will

Wilson has petitioned the Supreme Court for permission to file a writ of mandamus voiding Betts' action. His petition charges Betts with usurping powers assigned to the insurance department. It says the "divided responsibility" of two receivers in one office "creates utter chaos."

In a previous effort to get a ruling that would unseat authority over liquidation, the high court held the judge could appoint a receiver if the insurance department failed to do so.

its third \$12,500,000 sale of bonds to finance land purchases by veterans.

This brings to \$37,500,000 the bonds sold since last December. Land office spokesmen say it gives the program enough money to carry it until August, 1958. A total of \$200,000,000 in bond issues

## Prizes Posted in Color Contest by Theaters

Free prizes are offered winners in a photo coloring contest being sponsored by the Ferguson Theater and three Hamlin merchants, according to Darwin Barnes, theater manager.

Sketch of a scene from "The Left Handed Gun," feature picture at the Ferguson Sunday, Monday and Tuesday, is printed in today's Herald on page eight. Children under 12 years of age may color the sketch, and prizes will be given to winners by Western Auto Store, Winn's Variety Store and White Auto Store.

was authorized by voters in a recent constitutional amendment.

For a time the program was at a standstill because the board was unable to find bond buyers who would accept the three per cent or less in interest which the state is allowed under the constitution to pay.

## Political Office Announcements

The Herald is authorized to announce the following candidates for public office, subject to the action of the Democratic primary election on Saturday, July 26, 1958:

### JONES COUNTY:

For State Senator, 24th District:  
DAVID W. RATLIFF  
ROBERT R. PATTERSON

For State Representative:  
LEON THURMAN  
MICHAEL A. (MIKE) WASH

For County Judge:  
H. G. ANDREWS JR.

For County Superintendent:  
EVERETT BEAVER

For Clerk of District Court:  
W. O. MCGINNIS  
ARDEN BEASLEY  
W. L. McDONALD

For County Clerk:  
GENE SPURGIN JR.  
ROY THORN  
W. C. THOMPSON

### FISHER COUNTY

For Representative, 71st District:  
TEMPLE DICKSON

For Commissioner, Precinct 2:  
JERRY CROWLEY

For County Judge:  
BRUCE MCCAIN

### SHOW PIECE

The small daughter of a televisionless household regarded the arrival of a new piano with little enthusiasm.

"Can't we put something on the roof to show we've got it?" she asked her mother.

## John Richey Tells Rotary Club About Trip to Boys' State

John Richey, Hamlin High School junior, who recently returned from Austin, where he attended the annual Boys' State, spoke at last Wednesday's weekly luncheon meeting of the Hamlin Rotary Club. The club had sent young Richey to the government conclave.

The club also had sent Ginger Rabjohn to the Girls' State previously. She was scheduled to talk at this week's luncheon session at the oil mill guest house.

Richey was elected deputy sheriff in the county government division of the demonstration, which is sponsored annually by the American Legion and Legion Auxiliary. From 400 to 500 boys from all sections of the state attended the conclave.

Demonstrations in city, county and state government are conducted during the Boys' State, all the offices being filled by attendants to give them first hand knowledge of the functions of the various governments. Young Richey gave vivid accounts of his experiences at Austin.

Tate May reported some highlights of the recent Rotary International convention held at Dallas which he and several other Hamlin Rotarians attended.

Besides young Richey, other visitors at Wednesday's luncheon included County Judge Pete Andrews and W. M. Blackburn of Stamford.

### NEIGHBORLY

First Neighbor—"How did that naughty little boy of yours get hurt?"

Second Ditto—"That good little boy of yours hit him with a brick."

**AFTERMATH OF COLLISION**—This transport truck carrying 5,000 gallons of gasoline is shown after it collided with a car and plowed into a general store at Neches. Three men were injured including W. F. Lagle, 88, who was asleep in the store. Truck driver Henry Smith of Jacksonville managed to pull Lagle to safety before the gasoline exploded inside the store.

## Brazos River Authority May Get New Funds

Officers and staff of the Brazos River Authority met in Austin last Friday with a special committee of the Texas Water Development Board to discuss possible future financing needs of the authority. Also in the conference were representatives of the U. S. Corps of Engineers and the Texas Water Conservation Association.

Conclusion of the session was that funds of the Water Development Board may help the BRA to finance certain pending projects.

The Hamlin section still is interested in projects on the upper stretches of the Double Mountain Fork of the Brazos northwest and north of Hamlin.

## Downward Trend In Traffic Deaths Credited to Drive

Figures just made available to the Texas Safety Association reveal that more than 1,500 American lives were saved in traffic during 1957. The number of fatalities nationally have totalled 28,500—as compared with 40,000 fatalities for the preceding year.

This downward trend in fatal traffic accidents actually began in December, 1956, the month in which the current national back-the-attack on traffic accidents campaign was launched, and has continued in an almost unbroken line for 13 months. The attack campaign is conducted on a national scale by the National Safety Council and is coordinated throughout Texas by TSA.

This evidence that the traffic toll can be cut supports the premise that improved official traffic programs backed by an aroused public can eventually solve the growing problem of congestion and accidents. It also points up 1956 as really the "decisive year" in traffic safety.

The question that remains to be answered is "Can these gains be fortified and improved?" J. O. Musick, TSA's general manager, believes that they can, and supports his belief with the statement that: "A growing influence which may help provide a positive answer to this question is the recognition of the moral aspect of traffic responsibility. While many persons, including clergymen and lay religious leaders, have stressed the need for this concept in the past, these efforts are now welded into a stronger, more persuasive voice for safety." Perhaps, at last, man is beginning to realize that he is also his "brother's keeper" on streets and highways.

## Freight Carloadings For Santa Fe Climb

Freight carloadings for the Santa Fe Railway System for the week ending June 14, 1958, were 26,726 compared with 25,430 for the same week a year ago, reflecting a gain. Cars received from connections totaled 10,531 compared with 11,598 for the same week in 1957.

Total cars moved were 37,257 compared with 37,208 for the same week a year ago. Santa Fe handled a total of 30,256 cars in preceding week this year.

There's a lot of difference between men of vision and visionary men.

## Thomas J. Hill, 60, Succumbs Sunday At Fort Worth

Funeral services for Thomas Jefferson Hill, 60-year-old Hamlin railroad man who died Sunday evening in Fort Worth following a heart attack, were conducted Wednesday afternoon at 3:00 o'clock at the First Baptist Church in Hamlin.

Hill was a retired railroad conductor on the Texas & Pacific Railway. He started railroading at the age of nine years. His first job was calling the crews together. He had been a resident of the Hamlin area for 40 years. Hill had been in failing health for 12 years.

Born at San Antonio on January 27, 1897, he was the son of Mr. and Mrs. T. J. Hill Sr. He married the former Ada Sue Wilson at Hamlin on February 18, 1922. He was a member of the First Baptist Church of Hamlin, the Masonic Lodge and the Brotherhood of Railroad Trainmen. He was a veteran of World War I.

Officiating at the final rites was Rev. Calvin Bailey, pastor of the First Baptist Church. Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home. Pallbearers were Chff Reynolds Jr., L. C. Bonds, Bill Harbert, Weldon Johnson, Fred B. Moore Jr. and Jack Russell.

Surviving the railroader are his widow, Mrs. Ada Sue Hill; one son, Tom W. Hill of Odessa; one daughter, Mrs. Don Dean of Hamlin; one brother, Ed Hill of San Angelo; one sister, Mrs. Myrtle Sanderson; and four grandchildren.

### TIME FOR TRANQUILIZERS.

A kangaroo dropped in to see a psychiatrist.

"What's the trouble?" he was asked.

"I don't know, doctor," replied the distraught kangaroo, "but I just don't feel jumpy any more."

### FOR BETTER OR WORSE.

Friends were congratulating Mrs. Bodlyton on her silver wedding anniversary for having lived with the same man for 25 years.

"Oh," commented the lady, "but you see, he isn't the same man he was when I first got hold of him."

Mr. Smith—"Why did you wake me out of a sound sleep?"

Mrs. Smith—"The sound was too loud."

## 24 Miles Per Gallon Made in Pick-Up Run

Record of 24 miles per gallon of gasoline was established last week-end in the economy runs of the new International pick-up staged by International Harvester Company and Prewitt Motor Company, new dealer for the pick-ups and trucks in Hamlin.

Sidney M. Johnston drove the demonstrator pick-up to that mileage, and received a \$25 U. S. savings bond. LaFoy Patterson made

a run of 23½ miles per gallon and received \$5 in cash.

Assisting with the demonstration, staged on the Rotan highway, was Bill King of IHC.

### IT COULD BE.

"Mama," asked seven-year-old Clara, "what does trans-Atlantic mean?"

"Across the Atlantic, of course," replied her mother. "Trans" always means 'across'."

"Then, I suppose," continued Clara, "that transparent means a cross parent."

by Truman Black, Manager

## TELEPHONE TALK

## Meet New Service Representative

We are sorry to lose Mrs. Lennie Cochran, who is moving to Kermit with her family. Our new service representative is Mrs. Rosa Lee Scott, who is a native of Roby and has lived in Hamlin the past six years. She has been employed in the Traffic Department as an operator since 1952. Her husband, Melvin Scott, is an installer-repairman in the Plant Department. We invite you each to come by our business office and meet Mrs. Scott.

## For Parents Only

Now that summer is here, and the children are out of school, I imagine the family's telephone service is getting an extra good work-out.

I guess teen-agers, and even the smaller fry, need the telephone more often during vacation months. They use it to line up sand lot ball games, swimming parties, movie dates, and a good many other things, as we all know.

It would be hard to find a better time than now to order an extension telephone. Put it in a room where it will be handiest for the youngsters. They'll enjoy the privacy and so will you. Best of all, you'll save yourself no telling how many dashes to answer incoming calls that always seem to be for them.

To order an extension, just call the telephone business office, 187. The cost is only \$1.00 a month for a residence extension, plus tax and installation.

## Memo to Businessmen

I heard a businessman remark recently that he's going over his operations with a fine-tooth comb to trim unnecessary expenses. And one item he planned to cut was Long Distance.

I wonder if he wasn't making a mistake. I can understand the desire to cut costs. But, rather than cut Long Distance, he should use his telephone even MORE for out-of-town calling.

Many businessmen have proved it in for themselves, and here's how: Instead of you or your salesman taking a day to visit several prospective customers in other cities, call them Long Distance. It saves travel on the highway, and turns travel time into selling time. And a telephone call is almost as personal as a visit and just as appreciated.

Try it yourself and watch the results. I think in the end you'll agree with our belief that Long Distance doesn't cost—it pays.

Call by number. It's twice as fast.

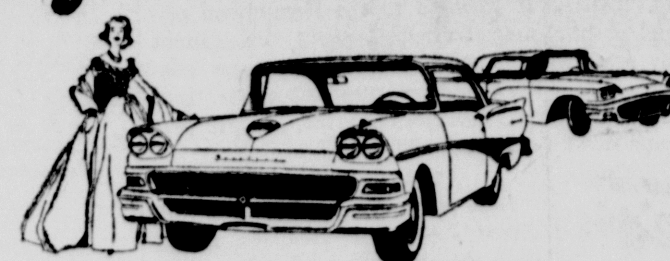

**SOUTHWESTERN BELL TELEPHONE COMPANY**

When it comes to driving . . .

# Economy is what you save—not what you do without

That's why Ford economy is true economy! The facts are plain. With the 58 FORD:

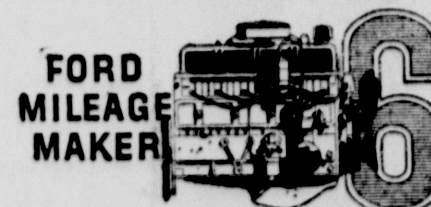

## 1. You don't have to do without modern styling to own a car within your budget

World-famed Thunderbird styling, a Ford exclusive, gives luxurious beauty to every 58 Ford. Yet Ford has the lowest-priced convertible . . . and the lowest-priced V-8 sedans and station wagons on the market today! You'll drive these beautiful cars with pride!

## 2. You don't have to do without big-car comfort to obtain a low price

Every Ford car has Automatic Ride Control . . . Angle-Poised Ball-Joint Front Suspension combined with long, tailored-to-weight rear springs . . . for a real luxury ride. For still greater comfort, front seats are foam rubber padded in every Ford model at no extra cost!

## 3. You don't have to do without lively performance to save on gas

The liveliest, most powerful Six you can buy is Ford's Mileage Maker Six. It's the only truly modern Six in any car today. With its exclusive short-stroke, low-friction design, this engine delivered the most actual miles per gallon of any car in Class A in the last two Mobilgas Economy Runs! Six or V-8 the savings are great in a Ford!

\*Based on a comparison of manufacturers' suggested retail delivered prices

## Strength of Nation Not Altogether in Armies, Planes and Atom, Says Babson

Much has been said in recent weeks about the comparative strength of this country, and that is the topic of discussion this week for Roger W. Babson, financial advisor and economist, a regular writer for The Herald. He continues:

I shall begin the new year by discussing something far more important than stocks, bonds, real estate or mortgages. My text will be the slogan which President Eisenhower recently brought back from Paris, namely . . .

What is strength? We all know that it consists of something far more than and very different from guns, navies, airplanes or missiles. Yet, these are the things that we read about chiefly in the newspapers and magazines. This is the "strength" which physicists, engineers and metallurgists are called to Washington to discuss.

This situation must be changed. Yet, my able friend, President Killian of my alma mater, the Massachusetts Institute of Technology, has been brought to Washington amid much applause to aid in producing such material strength, not the real strength.

Real strength comes from courage, faith, hardiness and rejoicing in sacrifice. Have we got this strength? Are any civil men being called to Washington to instill this strength in our people? Our unbalanced set-up is foolish and dangerous. More scientists will not save us. Our missiles, costing millions of dollars each, may be no more effective than the

great wall of China or the Maginot line of France.

Instead of training our youth for courage, the training of our homes, schools and even churches is for softness. Our manufacturers and merchants advertise "easy living," our schools provide plush accommodations; our automobiles must have power steering, automatic brakes and push-button windows. We are the world's worst example of "training for softness" rather than for strength. (Exceptions are our Marines and certain others of our armed services—but these fine men make up only about one per cent of our population. Furthermore, these men know nothing of hardship until they enter the service after their habits have been formed).

In recent issues of a great magazine I find these significant advertisements: A "baby nipple that will keep the baby from dirtying its bib or dress." My comment is that when I spilled my food, my hands got a good slap! Another advertisement treats of food which is so ground and mixed that the child does not need to chew? Over 350,000,000 copies of juvenile books were published in 1957, breaking three books now published are to \$80,000,000. About one in every amuse children and take them away from TV.

We send our children to school in buses and keep them awake with gymnastics. Children are practically born in automobiles; walking is becoming a lost art. As a result, the retail trade of our cities may be ruined by the parking problem. Finally, youth is no longer getting its social life in such outdoor games as were formerly common, but rather in cocktail parties that leave them a "hang-over" which is undermining health, character and industry. Accompanying this curse, labor leaders state that their motto for

**SOUND OFF**—Fudge, a four-year-old chimpanzee appearing in an ape act on the State Fair midway in Dallas, forces a plaintive wail from his trumpet. The Dallas-born chimpanzee is with four other simians appearing nightly.

## HAMLIN MEMORIAL HOSPITAL

Patients admitted to the Hamlin Memorial Hospital since last week's report in The Herald have included: Mrs. John D. Ferguson, surgical, June 16; C. M. Houghton, surgical, June 16; Mrs. W. A. Hawkins, medical, June 16; S. R. Hawkins, medical, June 16; Mrs. R. E. Goldsmith of Rotan, surgical, June 16; Mrs. Lorraine Kidd, medical, June 16; Doris Chandler of Roby, medical, June 16; Georganna Fitzgerald, medical, June 16; Mrs. Howard Tweedle, ob., June 17; Jerry Don Dockins, surgical, June 17; Mrs. J. M. Kimbrough of Breckenridge, medical, June 17; Mrs. Bowen Pope, medical, June 17; Mrs. Larry Choate of Abilene, surgical, June 17; Eliza Austin, medical, June 17; Dornia Jane Stapler, medical, June 17; Stephen Ray Willingham, medical, June 17; Russell Willingham, medical, June 17; Mrs. R. G. Spalding, ob., June 18; Mike June 18; Mrs. Pearl Cullum of Aspermont, medical, June 18; Mrs. Flora Carter, medical, June 18; Mrs. Morris Neves of Abilene, medical, June 18; C. F. Teich-

man of Stamford, medical, June 19; Will Andrews, medical, June 19; Joel Martinez, surgical, June 20; Mrs. A. M. Burleson, medical, June 20; C. E. Keimer of Stamford, medical, June 20; Mrs. M. L. ## Increasing Cotton Insect Infestations Reported in State

Increasing cotton insect infestations over the state are reported in the weekly cotton condition report prepared by the Texas Agriculture Extension Service in cooperation with the plant pest control branch of the U. S. Department, released to The Herald.

The general report, with a specific paragraph on Northwest Texas of which the Hamlin area is a part, are given below:

The first confirmed report of cotton leafworm for the season was received from C. L. Cook in Culbourn County. Boll weevil infestations were light to medium in the Lower Valley, Upper Coastal, Southwest, South Central, Central and East Texas areas. Fleahopper infestations were heavy in the Southwest, South Central, and East areas, and light to medium in Coastal Bend, Upper Coastal and West area. Heavy migration from wild hosts to cotton was occurring in several areas and causing considerable damage. Thrips were light to heavy in Central, North Central, South Central, east, Northeast, Northwest, North Plains and South Plains areas. Pink bollworm infestations were light to medium in Upper Coastal, Coastal Bend, Southwest and Central areas. Other pests causing damage were bollworms, spider mites, aphids, square borers, flea beetles, grasshoppers, brown cotton leafworms and cabbage loopers.

In the Northwest Texas area thrips infestations were reported light to heavy in Cottle, King, Nolan, Motley and Elmer Counties. Spotted infestations of garden webworms were reported from Cottle and King Counties. Light to severe grasshopper infestations were reported from Elmer, Stone, Wall, Mitchell and Hall Counties.

### PROUD OF MANNERS.

In his early days, despite his poverty, Oscar Wilde held himself proudly aloof. One day, he was granted an interview with a nobleman looking for a tutor for his sons.

The aristocrat seemed inclined to give him the position, but first asked: "As to meals, Mr. Wilde, will you—er—expect to eat with the family?"

"That," Wilde replied blandly, "will depend entirely on your family's table manner."

### TAIL TALE.

"When I was a boy," reminisced the old gentleman, "I once gave a circus elephant a stick of striped peppermint candy."

"So," whenever the circus came to town again, the barbers had to take in their striped poles to keep the elephant from trying to eat them."

## Piggly Wiggly Offers Month of Free Living

A month of good living for a family—and Piggly Wiggly will pick up the tab—is being offered to some family patron of Piggly Wiggly, according to announcement in the advertisement of the store in this week's Herald.

Particulars may be obtained at the store, announces Edgar Duncan, owner. Participants, who must be at least 18 years of age, register at the store, and winner will be determined on July 26. No purchase is required.

### HAS THE INCLINATION.

A farmer and a rather sooty looking city chap sat waiting in silence for the train at the station. After several minutes had gone by, the city fellow turned to the farmer, "Excuse me," he said, "but could you loan me a cigarette paper?"

"Sure," replied the farmer, and gave him one.

A few more minutes passed, and the run-down stranger asked the farmer for some cigarette tobacco. This was furnished from a little drawstring sack, and once again the two men sat quietly.

Finally, the shabby gentleman asked the other if he might borrow a match.

"Friend," said the farmer as he handed the other man the match, "you don't have nothin' but the habit, do you?"

### ON THE LINKS.

"My wife says that if I don't give up golf she'll leave me."

"Say, that's tough."

"Sure is. I'll really miss the old gal."

### CITATION BY PUBLICATION

The State of Texas. To Mary Page, if living, and if deceased, then the heirs and unknown heirs, assignees, devisees and legal representatives of Mary Page, deceased, and legal representatives of Mary Page, deceased, and all unknown owners, defendants—Greeting:

You are commanded to appear before the Honorable County Court of Jones County, at the City Hall in Hamlin, Texas, at or before 10:00 o'clock a. m. of the first Monday next after the expiration of 42 days from the date of the issuance of this citation, same being the 21st day of July, A. D. 1958, then and there to answer plaintiff's petition filed in said court on the 6th day of June, A. D. 1958, in this cause, numbered on the docket of said court and styled State of Texas, plaintiff, vs. Mary Page, et al, defendants.

A brief statement of the nature of this suit is as follows, to-wit: To condemn for highway purposes the north 10 feet off of Lot 1, Block 72, Hamlin Townsite Addition to Hamlin, Texas, as recorded in Volume 14, Pages 50-52 of the Plat Records of Jones County, Texas, and lying between centerline chaining station 53/00.96 and 54/40.96 of State Highway 92 and contains 0.032 acres, more or less, as is more fully shown by plaintiff's petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the seal of said court, at office in Anson, Texas, this 6th day of June, A. D. 1958. Attest: Gene Spurgin Jr., Clerk, County Court, Jones County, Texas. By Louise Childs, Deputy. 35-4c

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the seal of said court, at office in Anson, Texas, this 6th day of June, A. D. 1958. Attest: Gene Spurgin Jr., Clerk, County Court, Jones County, Texas. By Louise Childs, Deputy. 35-4c

## Individuals Can Fight Communism

"What can I do as an individual to work toward world peace?" was the pointed question asked by Rev. Calvin Bailey, pastor of the First Baptist Church, when he spoke at the Tuesday noon luncheon of the Hamlin Lions Club at the oil mill guest house. He then went on to explain that the responsibility for fighting communism lies upon every red-blooded citizen of America. He urged loyalty to community, government and the church as means of restoring lasting peace to the world during the hectic days of world tensions and problems.

Bailey declared that the world has been a flop in many areas. Basically, he said, the world situation today is a struggle between democracy and communism. He suggested four things as solution to bind the universe together in peace: Reliant trust in God; consistent diagnosis of the situation; self confidence at the point of pressure; and endurance to complete victory.

Guests at the Tuesday luncheon meeting included Curtis Elliott of Stamford, Charles Handgrave of Abilene and Cecil Lotief of Rotan.

At the conclusion of the meeting the gavel was turned over to Stan M. Sheppard, new president of the club for the fiscal year beginning July 1, by retiring president Willard Jones. New officers had previously been officially installed at a ladies' night session of the club.

## 4-H Club Youths of County and Leaders Attend Area Camp

Five Jones County 4-H Club members and extension agents, Mrs. Mary V. Newberry and Kirby Clayton, attended the district leadership training camp held at Buffalo Gap on Monday, Tuesday and Wednesday of last week.

The camp was attended by 165 4-H Club members and adult leaders from the 22 counties of District III. Fern Hodge and James Simmons, district agents of Vernon, attended.

Training courses offered and instructors included: Plant life, taught by B. G. Hancock, horticulturist; wild life, Ed Cooper, wild life specialist; family life, Mrs. Eloise Johnson, family life specialist; 4-H leadership and records, Gerald York, assistant state 4-H Club leader, all of the Extension Service at College Station; safety, Doyle Beavers of Texas Electric Service Company of Wichita Falls; swimming, Curly Hays, Nat Gleanon and Joel Wilson, all of West Texas Utilities Company at Abilene; recreation, crafts, vespers and citizenship by various agents from the different counties.

Four-H Club members attending from Jones County were Jerry Teague, Delray Lefevre, Patsy Wade and Judy Simmons of Anson and Barbara Shuquist of Avoca.

"Yes, but when I want a raise I can't pat his bald head and call him 'Honey'!"

## Farmers Must Make Federal Payments to Get Social Security

Even though farmers have been covered by the federal social security law for several years, a lot of farmers still need additional information on paying self employment tax, according to Tax Man Sam in a release to The Herald. The rate of the self employment tax is 3 3/8 per cent.

Farmers and other self employed taxpayers are required to pay self employment tax if their net earnings from self employment amount to \$400 or more for the year. No more than \$4,200 of self employed taxpayers' earnings is subject to tax. The self employment tax is in addition to income tax.

If you were self employed, you must have a social security account number. You can get an application blank, Form SS-5, at your post office. You use this blank to apply for your social security number. You pay your tax for the entire year along with your income tax return.

## CARNIFORMIANS VISIT.

Mrs. Wilburn Fields and son, John Henry, arrived Wednesday from Lancaster, California, for a visit of several days with her parents, Mr. and Mrs. John V. Howard Sr., and her mother-in-law, Mrs. H. Fields at Neinda.

## Ferguson Theater to Present Premier of "Left Handed Gun"

The Ferguson Theater has been selected to participate in the great Southwest premier of "The Left-Handed Gun" the Warner Brothers motion picture release starring Paul Newman in the real story of Billy the Kid.

The film, who plays Sunday, Monday and Tuesday, is the first to be produced by Fred Coe and directed by Arthur Penn, the producer-director team of the current Broadway stage hit, "Two for the Seesaw." Coe also is the famed television producer of "The Bachelor Party," "Marty," "Peter Pan" and "Middle of the Night." Lita Milan co-stars in "The Left-Handed Gun" with John Dehner, Hurd Hatfield, James Congdon, James Best, John Dierkes and Colin Keith-Johnson. Based on a play by Gore Vidal, "The Left-Handed Gun" was written for the screen by Leslie Stevens.

## VISIT FROM BALLINGER.

Mr. and Mrs. Alton Patterson and son, Johnie, of Ballinger have been visiting her parents, Mr. and Mrs. Johnie Agnew.

## MOVES TO ROTAN.

O. S. Hunter of Hamlin moved last Saturday to the Rotan Nursing Home.

## Quality Cotton to Bring Premium in Price This Year

Hamlin area cotton growers are advised that extra rewards await the cotton producer who succeeds in producing a high quality crop this year, while discounts for low quality will continue to be stiff, according to Fred C. Elliott, extension cotton specialist.

The abundance of low grade cotton that was left over from last year's crop will continue to depress the market for lower grades, points out Elliott. However, he adds, the present outlook for the 1958 crop indicates a continued shortage of high grade fiber.

A late spring, shortages of good seed and too much moisture have contributed to a poor start for cotton this year in many areas. But the specialist says there is still plenty of opportunity to aim for high quality through careful management and harvest practices.

These practices include weed, disease and insect control; fertilization at rates based on extension service recommendations; irrigating for good maturity in areas where it is done with special reference to cut-off date; careful harvesting and ginning; keeping low and high grade fiber separate and selling on grade.

Almost one-third of last year's cotton crop classified as spotted, resulting in a lower average grade for the 1957 crop than for any year on record.

Much of this spotting could have been avoided through better management practices, says Elliott. Widespread failure to adhere to such practices weakens cotton's

## Mrs. A. R. Sanchez, Area Resident Since 1933, Buried Friday

Funeral services for Mrs. Alejandra Reyes Sanchez, 90-year-old resident of the Hamlin community since 1933, were held Friday afternoon at 2:00 o'clock at the Hamlin Funeral Home.

Rosary was said at 7:00 p. m. Thursday at the funeral home. Father Paul Newhouse and Father Joe Scantlin, both of Stamford, officiated. They also conducted the funeral rites.

Burial was in the Hamlin East Cemetery.

Mrs. Sanchez was born in Naclo, Texas, the daughter of Mr. and Mrs. Jose Valdez, on April 6, 1868. Her husband, Fructuoso G. Sanchez, died in 1943.

Survivors of the pioneer include one son, Gregorio Sanchez of Snyder; one daughter, Mrs. Margarita Nunes of Hamlin; 23 grandchildren, 30 great-grandchildren and 17 great-great-grandchildren.

## EFFICIENCY AT ITS PEAK.

This police had sent out seven photographs of a public enemy, each picture showing a different pose of the gentlemen in question.

Before long the following wire was received from a somewhat inexperienced sheriff in a distant county: "Have captured six of the criminals wanted by you and am hot on the trail of the seventh."

position with synthetic and other fibers in marketing for many uses. And this, in turn, contributes to cotton surpluses and depressed prices.

County agricultural agents can provide the latest information on how to grow cotton for quality, and how to preserve that quality in harvesting and ginning.

## "Snow White" Film To Return to Hamlin Theaters for Showing

The beautiful little princess, Snow White, created by Grimm of fairy tale fame, and star of Walt Disney's immortal cartoon feature, "Snow White and the Seven Dwarfs," is a paragon of girlish virtue, but nevertheless she has as many aliases as a law dodger.

The original tale of Snow White and the Seven Dwarfs was written in Germany where the princess' name is Schneewitchen. If you think that sounds like someone in the throes of hay fever, perhaps you will like her Italian appellation better—Nevolina. In France Disney's first feature length animated production is known as "Blanche Neige et les Sept Nains." In the Latin countries little Snow White is called Blanca Nieve.

In the original tale, Grimm did not name the seven dwarfs, but because their individual personalities are so developed in the picture, Disney and his staff gave them the names that have since become popular household words the world over: Doc, Sleepy, Happy, Grumpy, Dopey, Bashful and Sneezy.

"Snow White and the Seven Dwarfs," in color by technicolor, will again bring joyful entertainment to theater goers with its latest re-release through Beuna Vista, playing Wednesday, Thursday and Friday at the Ferguson and Hamlin Drive-In Theaters.

## A FREE PRESS...and CENSORSHIP

America is at peace. While we have men in uniform stationed over the world, we are not at war. In every way, we are working to preserve our peaceful relations with other peoples whose ideologies and aspirations differ from ours.

Figuring largely in that huge undertaking is America's Free Press. Even during the peaceful years, it has become necessary that certain information regarding discoveries and inventions be protected. Security has become big business.

"Keep this out of the newspaper," are fighting words to any newspaper editor who is a conscientious craftsman. Yet editors of all newspapers, large and small, realize the responsibilities facing them, to help preserve the securities that are so important to all of us.

Government, the military, and the scientific fields, receive full cooperation from the men and women who, by training, are accustomed to dig out and know the news... and who, by instinct, strive to keep the people fully informed.

Americans have a right to expect that full freedom of the press be preserved, within the bounds drawn by these securities.

For a completely free press is the only safe foundation on which government of the people can build all other freedoms.

By Willard Jones

JOHN HOWARD SR. has been in the grocery business in Hamlin a long time, he will tell you. Just about how long he was reminded last week.

Richard Young, son of the late J. A. Young, last week was going through his father's papers and ran across a couple of checks given to John Howard Sr. for groceries in May, 1918. One of them was written, the pioneer grocer said, on the day before John Howard Jr., present owner of the store, was born.

"Those checks bought a lot of groceries, too," the senior Howard, who is now butcher in the Howard Food Market, declared.

AN ARMY ROOKIE from Mississippi ran afoul of the loyalty investigation which requires every person in the military service to fill out a security questionnaire. When he came to the item which asks whether anyone in his family had ever advocated the overthrow of the government, he scrawled "yes" in big black letters.

It wasn't long before he was haled into the security office for questioning.

"Yes, sir," he explained to the interrogator, "it was my old grandpappy. He fought for the Confederacy."

DAFFY DEFINITIONS are going the rounds nowadays. Here are a batch that deserve to be considered for their literal explanations...

Elephant: Vivid proof that peanuts are fattening.

Good Neighbor: A person who smiles at you over the back fence but doesn't climb it.

Laziness: A quality that keeps people from becoming exhausted.

Potato Bug: An insect that plays on the tuber.

Reputation: A personal possession, frequently not discovered until lost.

Steamboat: Another thing that toots loudest when it is in a fog.

Tack: A small pin which, if you find it in your chair, is a sure sign that somebody has been thinking of you.

Thinker: A man who is never heard thinking.

Trust: What nations have in God, but not in each other.

CALVIN BAILEY, pastor of the First Baptist Church, proved that he was not the admitted flop as a story teller at the Tuesday noon luncheon of the Hamlin Lions Club.

He told of the old cow which, after grazing in the back of a pasture most of the day, mosed up to the section next to the highway where a big milk sign had been erected. She looked over the sign, mullied the statements that the advertised product had been homogenized, pasteurized, aerated, infiltrated and vitamin D added.

Then, dejectedly, she bemoaned that, "That sign makes me feel so inadequate!"

MORE SQUIBS that appeal to our lighter views of the days include the following batch we lifted along the way...

It's just too doggone bad how high high prices are making young couples do without things their parents never had.

There are two important things that will save your home—paint and keeping up the payments.

One of the things a baby sitter does it keep the kids from going to a movie with Mom and Dad.

The house next door sometimes reminds us that one of our crying needs is more spankings.

When a fellow does just enough work to get by, he can't buy very much these days.

DOWN IN THE SHINERY in the south part of the county one of the hill billies is reported to have declared to a neighbor:

"People are saying that your wife's making moonshine whiskey."

To which the neighbor replied: "Yes, and I'm ashamed of her. But with all her faults I love her still."

BENJAMIN FRANKLIN'S mother-in-law hesitated at letting her daughter marry a printer.

There were already two printing offices in the United States, and she feared that the country might not be able to support another.

STAMFORD CO-EDS are "going fishing" for dates for the sponsors' ball on the night of July 2 at the Texas Cowboy Reunion. It's the biggest social event of the summer in Stamford. The girls are (left to right): Anne Hudson, Marsha Rhew, Judy Mills and Elsie Medlin. In the water, ready to get caught, are Bob Payne, Fred Upshaw, Fred Hudson, Tommy Dodd and Charlie Helmer.

## Wheat Growers of County OK Quotas

Jones County wheat growers went to the polls last Friday in small numbers to vote on the 1959 crop wheat marketing quotas, but the total of 135 who participated in the balloting approved the proposition by a 107 to 28 count

of ballots, according to the Anson office of the Agricultural Stabilization and Conservation committee, under whose supervision the election was held.

This meant approval of the marketing quotas by Jones County growers was by about 82 per cent of those voting. The national vote was approval by about 86 per cent of the growers.

Majority of two-thirds of the growers voting the election Friday was required for national adoption of the plan.

Approval means that supports will be available on the 1959 wheat crop at a national average of not less than \$1.81 per bushel or 75 per cent of parity.

If the quotas had not been approved by two-thirds of the eligible voters the support for the crop would have been about \$1.20 per bushel or 50 per cent of parity.

R. G. Rowell, chairman of the Jones County ASC office says that with the marketing quotas in effect, there will be penalties on "excess" wheat produced on acreage in excess of the larger of 15 acres or the farm acreage allotment. The penalty will be 45 per cent of the wheat parity price as of May 1, 1959.

### SHALLOWATER VISITORS.

Visiting relatives in the Fairview community last week-end were Mr. and Mrs. Clyde Whitaker and children of Shallowater.

## Visiting Speakers to Fill Pulpit at First Methodist Church

Filling the pulpit at the First Methodist Church next Sunday, June 29, at both morning and evening services will be Rev. Jim Pickens, new chaplain of McMurry College at Abilene. Rev. Pickens is the son-in-law of Mr. and Mrs. Levi McCullom of McCullum.

In the pulpit Sunday morning, July 6, will be Dr. Tom Johnson, executive secretary of the pension endowment division of the Northwest Texas Methodist Conference. At the evening service that day George Ellis, new youth director of the church, will be in charge.

Pastor Edmund W. Robb of the local church and wife left this week for Washington, D. C., where they will be attending the national convocation on evangelism. He is a delegate from the Northwest Texas Conference.

## Quarterly Dividend Paid by Celotex Firm

Directors of the Celotex Corporation this week declared a quarterly dividend on common stock of 50 cents a share, payable July 31 to stockholders of record at the close of business July 8, 1958.

In the previous quarter a dividend of 60 cents a share was paid. At this week's meeting the board of directors also declared a regular dividend of 25 cents a share on preferred stock, also payable July 31 to stockholders of record July 8.

# Hamlin-Stamford Highway Job Nearly Ready for Bids

## John Richey Made Sheriff of Group Sent to Boys' State

John Richey, junior in Hamlin High School and son of Mrs. Jack Richey, was elected sheriff in the county division at Lone Star Boys' State, where he was a citizen during the week of June 8 to 14 at Austin. He was sponsored by the Hamlin Rotary Club through the Sylvester post of the American Legion.

Boys' State is a part of the program of the American Legion to promote better citizenship by training young people in procedures of election and government. High school juniors are selected in order to give the students the chance to tell other students of their experiences at Boys' State during their senior year in high school.

Boys' State motto is "Learn by Doing." As citizens of the conclave the boys organize, operate and study functional government comparable in all respects to the government of Texas. Lone Star Boys' State is, therefore, a mythical forty-ninth state with its own constitution, statutes and ordinances constructed by its citizens who are governed by them.

Boys' State was organized in 1940 when approximately 100 boys and two counselors met on the campus of the University of Texas and was active until 1945, when there was no Boys' State due to war-time conditions. It was re-organized in 1946 with the School of the Deaf as the chosen site.

However, Boys' State grew so rapidly that in 1954 the event was changed to the University of Texas, where some of the best facilities are available. Some of these are the modern Batts auditorium and the cafeteria in Moore Hill Hall and four dormitories. There is a well rounded athletic program which has the use of the best recreational facilities. Gregory gymnasium is used for all indoor sports, and the freshman field for outdoor sports.

Attendance at Boys' State this year was 538, which was one of the largest. The largest was in 1955, when 558 boys attended.

Ginger Rabjohn recently attended Girls' State, having been sponsored also by the Rotary Club.

SET TERMS FOR TITLE BOUT—Al Weill (center) who wants to promote a heavyweight championship fight in Los Angeles August 4 between Titleholder Floyd Patterson and Roy Harris of Cut and Shoot, leans over for a word with the Texas contender during a press conference. At left is Harris' father, Henry. Under the agreed split of the gate, Harris will get a flat \$100,000 and Patterson 50 per cent of the receipts. The California Athletic Commission still has not approved the proposed date for the bout.

# Civil Aeronautics Authority Offers Aid on Airport Project

## Rebecca Ferguson to Be in Stamford Show

Second cowgirl sponsor to represent Hamlin at the Texas Cowboy Reunion at Stamford next week-end will be Rebecca Ann Ferguson, who was named by the Hamlin Business and Professional Women's Club last week. The B&PWC Club had previously sponsored Miss Ferguson.

Rebecca is the daughter of Mrs. Thomas Ferguson. She will ride her sorrel horse, Chief, in the street parades and grand entries at the reunion.

Previously named as a sponsor by Hamlin to the Cowboy Reunion was Wyvonne Conner, being sponsored by the Hamlin Board of Community Development.

## Improvements at Field North of Hamlin Planned

Further improvements are being planned at the Hamlin city airport, one mile north of the Katy Railway depot, according to the airport committee of the Hamlin Board of Community Development.

The committee, headed by L. E. (Gene) Prewit, reported at last week's meeting of the BCD board of directors that assistance in the airport improvement has been promised Hamlin by the Civil Aeronautics Authority, a federal agency aiding cities in standardizing and improving airport facilities. An inspection of the local airport facilities will be made by engineers of the CAA and recommendations of improvement will be made.

It is probable that some financial assistance will be offered for the local project, Prewit said.

Recently, through efforts of the BCD committee the field has been rehabilitated. Both east-west and north-south runways have been improved to accommodate small and medium size aircraft. Increasing demand for airport facilities at Hamlin have been made. Several oil companies with operations at Hamlin have requested improvement of the field.

John C. Bryant, BCD first vice president, presided at last week's meeting in the absence of President Carl Murrell.

New signs have been made for the BCD office, upstairs in the city hall; a welcome sign to be erected on the southeast entrance of the city; and a sign alongside the Hamlin airport.

Rev. W. C. Hanna was named a new director of the organization to replace Rev. Henry C. Adair, who recently was transferred to the Goree Methodist Church as pastor. He is chairman of the church and community relations committee.

### VISIT FROM MIDLAND.

Mr. and Mrs. D. A. McCoy and girls of Midland were guests last week-end in the home of his brother, J. E. (Runt) McCoy.

### GUESTS OF GREENWAYS.

Mr. and Mrs. Delbert Barron and three sons spent the week-end with her parents, Mr. and Mrs. Roscoe Greenway.

## Land in Hamlin To Be Condemned As Final Action

Contract on the long delayed Highway 92 project from Hamlin to Stamford will be ready for letting at the August session of the Texas Highway Commission in Austin, it was announced first of the week by County Judge H. G. (Pete) Andrews, who was in Hamlin winding up details on securing deeds to the last right-of-way stretch.

The 23-mile straightening and widening project has been hanging fire for nearly two years. All sorts of difficulties with routing of the project and securing right-of-way have held up the contract. Funds for the \$600,000 roadway have been appropriated for many months.

With letting of the contract in August, actual work should get underway by September 1, and except for final hot topping (which must be done in hot weather) should be completed during the winter, the judge believes.

Final deeds for right-of-way on the Highway 92 project were signed last week, said Andrews. Deeds from seven unknown owners in the Hamlin east city limits still are not signed, but condemnation proceedings were started this week to secure little strips along the proposed route. Only formalities, such as hearings at the city hall in Hamlin on July 21, remain in this connection.

Right-of-way for the farm-to-market highway angling off the Highway 92 roadway south of the Midwest Cooperative Oil Mill in East Hamlin, north to Old Glory, has all been secured, and letting on this project is scheduled next month. Most of the fences have been moved back on this route.

A new bridge over the Double Mountain Fork of the Brazos River, six miles south of Old Glory, will be included in the highway contract.

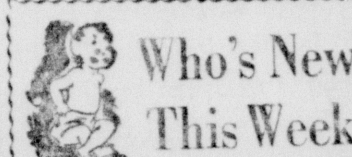

## TB Tests Being Made On Cattle in County As Free DA Service

Conducting tests on Jones County cattle for tuberculosis is a Department of Agriculture veterinary livestock inspector. The government is conducting this test to give the county a modified tuberculosis-free accreditation.

All cattle can be tested, it is announced—beef and dairy cattle from a day old up, with no charge to the cattle owners.

It would be hard to estimate the value of this test in controlling this disease in the livestock industry and also in humans, points out County Agent Kirby Clayton. The cooperation of all Jones County livestock owners is solicited so that the program may be carried on as rapidly as possible.

If you desire to have your cattle tested before you are contacted, you may get in touch with Dr. Sid Allen through the county agent's office at Anson.

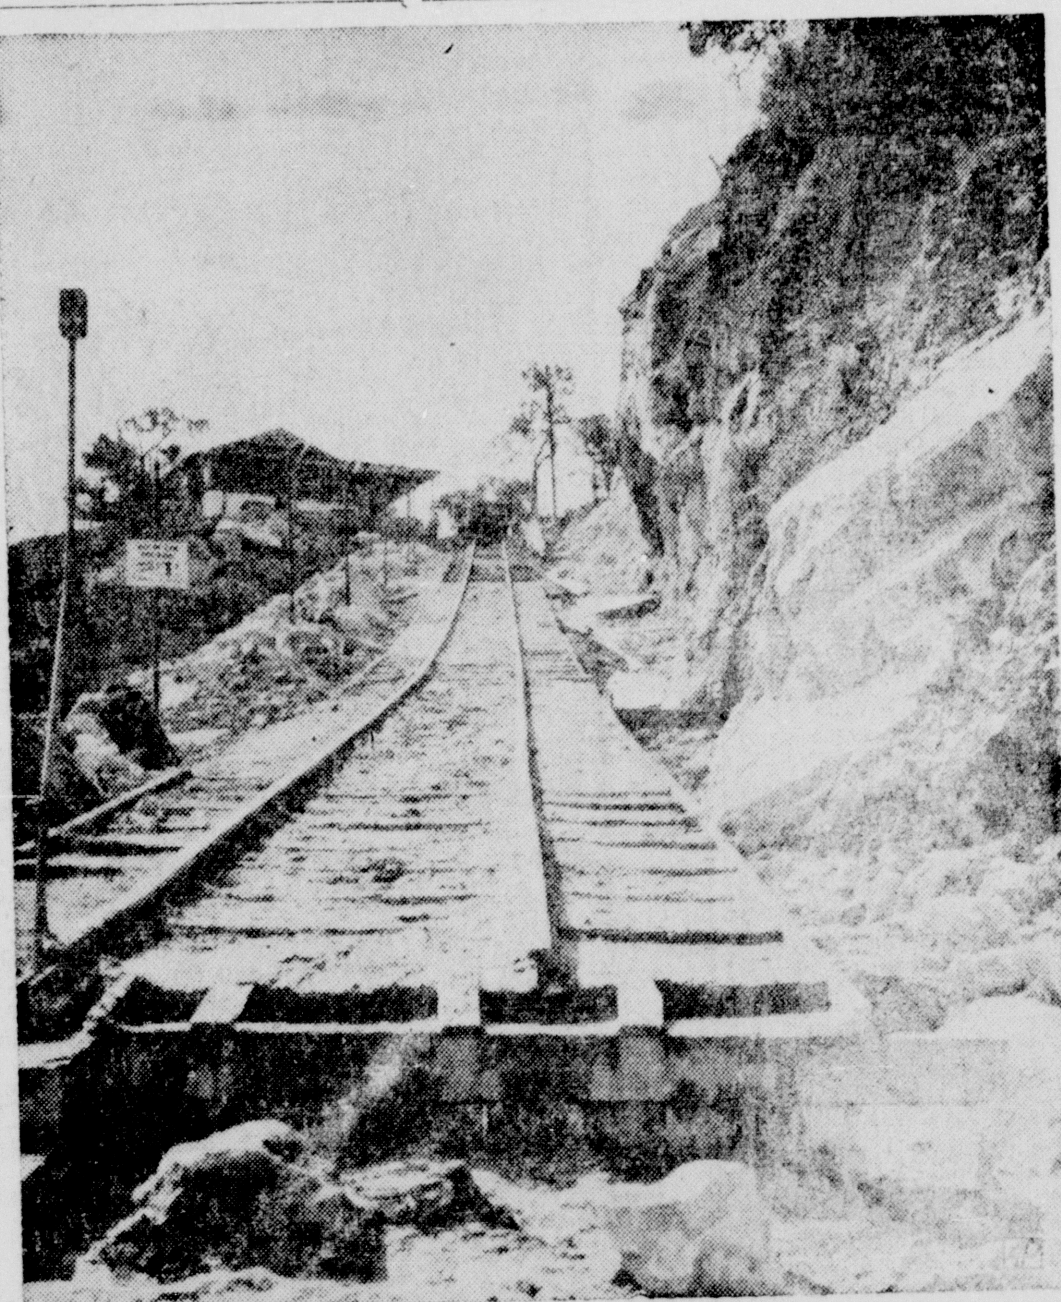

Three new citizens have been reported at the Hamlin Memorial Hospital since last week's report in The Herald. All three boys are boys.

A boy for Mr. and Mrs. Leroy Morrow of Guthrie was born on June 14. Weighing six pounds two ounces, the youngster has been named Ronnie Wayne.

A boy arrived for Mr. and Mrs. Howard Tweedle on June 17. He will answer to Howard Foy Jr. At birth he tipped the scales at seven pounds three ounces.

A boy for Mr. and Mrs. Robert Spalding was born June 18. He weighed in at seven pounds nine ounces, and announced that Roy Glen would suit him for a name.

THE RAMP—This short funicular railway takes fishermen from the top of a high bluff to river level below Marble Falls Dam, where some of the state's best white bass and catfishing has been reported. The car operates on a cable, and the riders punch the "up" or "down" buttons. The ramp was dreamed up by Dr. C. H. Roper, an Austin dentist who once caught a limit string of white bass after climbing down the bluff.

## Cardinals Continue Hold on Top Standing in Little League Loop

Cardinals of the Hamlin Little League baseball loop continued their hold on the league league after four weeks of play after last week's games. With a six won, three lost and two tie record, they had an average of .590, which was not too far ahead of the Yankees who held a .550 percentage.

The standings after last week's games looked like this:

Team	W.	L.	T.	Pct.
Cardinals	6	3	2	.590
Yankees	5	4	1	.550
Braves	4	4	2	.500
Giants	3	7	1	.318

### Results Last Week.

Monday—Braves 7, Cardinals 4.  
Tuesday—Yankees 12, Giants 11.  
Thursday—Braves 6, Yankees 0.  
Friday—Cardinals 6, Giants 4.

## Hamlin Teachers in College Art Workshop

Viola Avants, Mrs. W. D. Stell and Mrs. Fred Smith, teachers in Hamlin Primary School, attended the art workshop at McMurry College in Abilene last week.

Sherwood Suiter, assistant professor of art at McMurry, was instructor. He was awarded the Danforth summer seminar scholarship for the three-week session in Iowa State University.

## FIGHTING INSECTS IS VITAL TO COTTON CROP

With prospects now looking bright for a good cotton crop in the Hamlin territory, the protection of the crop from insects becomes more and more a matter of vital concern by the alert farmer who wants to make the most from his cotton.

No cotton farmer has to be told about the reduction in profits that insects can cause. But luckily, cotton insects can be controlled economically by the use of the proper poisons at the right time.

Controlling damaging infestations of boll weevils, bollworms and other insects on cotton growing on fertile soils returns substantial profits even when a large number of applications is necessary for maximum yields. On upland soils where insect infestations do not last long, fewer applications may be needed.

Giving information and recommendations for the control of the various cotton insects is the theme of two leaflets recently released by the Texas Agricultural Extension Service, L-210, "Texas Guide for Controlling Cotton Insects," and L-219, "Ways to Fight the Pink Bollworm in Texas."

Bulletin L-218 deals with the more harmful cotton insects. It contains a chart giving the recommended controls and also general information including points on the safe handling of insecticides.

Bulletin L-219 deals with the pink bollworm specifically. It tells about the habits and damage of the insect and gives special attention on the ways to fight it.

Copies of the leaflets may be obtained from local county agents or from the Agricultural Information Office, College Station, Texas.

## The Will to Win

Ever see a star fall? In the early 1900s, Dan O'Sullivan saw his star fall. He lost his job, and times were tough—too tough even to buy a needed pair of shoes. So he patched his old shoes with pieces of rubber, only to find that rubber gave his step a pleasantness he had never before felt. He reached for another star, and came up with patented rubber heels—and got rich practically overnight.

A Philadelphian named Lyman once reached for another star, and conceived the idea of adding an eraser to pencil tops. A month later he sold the idea for \$100,000.

John Hyatt once reached for another star. It turned out to be a certain synthetic substance that replaced expensive ivory in the manufacture of billiard balls. The star accidentally turned out to be celluloid—celluloid that turned into gold for Hyatt.

Once there was a minister who became discouraged, and turned to school teaching, again to preaching; then he reached for still another star. His name was Solymon Brown, inventor of dentistry as an organized profession.

A discouraged London physician — A. I. Cronin by name—reached for another star and found "The Keys of the Kingdom" on it.

Then there was perhaps the "failingest" man that ever lived. He was always reaching for another star—and getting burned. But finally he reached again, and pulled down a bright one. This man was Thomas A. Edison.

Another man struggled much of his life reaching for the star that would win him recognition as a painter. At 41 years of age he reached for stars in another field. His name: Samuel F. B. Morse of telegraph fame.

## Trees Have Rights

"I think that I shall never see a poem as lovely as a tree," sang the lamented Joyce Kilmer, and millions of tree lovers agree with him, and give his eulogy to trees a place in their hearts.

A man in Oxford, Georgia, has freed a white oak from its servitude to the whims of man by deeding it to itself forever. This deed, officially recorded by the city commissioners, gives the oak 300 square feet of land, and "sincere affection entertained by our citizens for this great work of nature."

Trees have rights, and a people altogether too free with the ax are beginning to awake to these rights. Of all nature's impressive gifts the tree is the most majestic of living things. It serves with its shade, its pulp, its fruit. It conserves the rain, to quench man's thirst. It breaks the force of mighty winds; it gives joy to the eye and peace to the soul. Old trees become landmarks, loved and remembered. Old trees know many a tryst, and bear the marks of many a lover's pledge. Trees have rights, if only squatter's rights, to the soil they nurture, irrigate and work.

"Poems are made by fools like me, but only God can make a tree."

## Patience Pays Off

A story is told of Sir Isaac Pitman. Sir Isaac was seated at his desk one day when an office boy came in and asked for some ink. He was told to go to the store, but in returning for it the bottle fell directly upon an important lithograph made by the eminent man, ruining it completely.

Sir Isaac merely said, "Well, my lad, you have spoiled my work. I shall have to do it over again. Only I shall do it better."

The story reveals typical characteristics of greatness—patience, forbearance, self-control, gentle demeanor and determination to improve previous efforts.

A mother was busily engaged in sewing. She asked her daughter to thread a needle for her. The girl tried repeatedly, but the thread would not enter the eye of the needle, and she became greatly vexed. "You cannot possibly do it now," said the mother calmly, and taking the needle, threaded it quickly.

Less of temper puts one in a mental state of helplessness. Anger destroys power of direction. The angry person speaks loudly enough, but consistently says the wrong thing.

If a thing cannot be accomplished by patience, it will fall even more dismally when patience is lost.

## The Sweetest Home

The sweetest home is a little home,  
With a dear little mother in it;  
And if in your heart there's a little song  
For the mother you love, begin it;  
For this is her hour and this her day,  
Though she's living afar or near you;  
In a mansion fair or a shack out there,  
The mother you love will hear you!

The sweetest home is a quiet home,  
With a peace that a mother wills it,  
And you're still her child, though you're far away,  
For she holds to you heart and fills it  
With the memories of a time gone by,  
When you whispered the prayers she taught you;  
And she can't forget, though her eyes be wet,  
How great was the price that bought you.

The sweetest home is a God-blessed home  
That rests near a humble byway,  
And always the fairest one within  
Is a mother who shuns the highway  
Where evil struts in a robe of red,  
Where devilish imps will call you.  
Go back to her knee, to her warm arms flee,  
And never shall ill befall you.

The talk is of tax cuts as a pump priming device at the national level to cope with the recession. This is deficit financing of the most extreme nature, in which all possibility of a pay-as-you-go policy is chucked out the window. How can the government expect its citizens to be thrifty when it gives no heed to tomorrow's bills?—Waltham (Mass.) Tribune.

## RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper The Herald.

### THIRTY YEARS AGO.

Goings-on in the Hamlin community 30 years ago included the following, being news briefs taken from the issue of The Hamlin Herald dated June 29, 1928:

Thursday evening of last week Hamlin and vicinity narrowly escaped a cyclone. The wind, rain and hail in nearby areas was furious, many crops being wiped completely out.

W. B. McCain of Sumerton, Arizona, came Friday of last week to visit his son, Martin McCain, while on his way to Pine Bluff, Arkansas, his old home.

Mr. and Mrs. A. Q. Cooper returned to their home in Odessa Monday after a visit with their daughter, Mrs. E. Clyde Smith.

City officers report that several cases of stolen automobile tires, poultry, harness and other items in North Hamlin by night prowlers.

Evelyn Ballew returned Sunday from Sweetwater, where she spent several days as the guest of Lillian Gray.

J. B. Adkins of the M System Store and Oscar Owens of Helpself, are spending a week fishing at Lake Kemp.

### TWENTY YEARS AGO.

Items of interest in the news 20 years ago at Hamlin included the following, reproduced from the issue of The Hamlin Herald dated June 24, 1938:

More than 170 carloads of wheat have rolled out of the Hamlin territory during the past several days as the 1938 wheat crop has turned out nicely.

Parker May of Washington, D. C., accompanied by a friend, Flora Booth also of Washington, arrived Sunday to visit with his parents, Mr. and Mrs. M. P. May.

Hamlin Masonic Lodge elected officers Monday evening for the ensuing year. They are: Ira A. Clements, worshipful master; W. G. Rountree, senior warden; C. S. Barrow, junior warden; J. W. Ezell, treasurer; W. E. Benson, secretary; J. O. Hopper, tiler. Appointive officers are: J. W. McCrary, senior deacon; V. V. Anderson, junior deacon.

J. Fred Hawkins of Anson is visiting his grandparents, Mr. and Mrs. R. O. Proctor, this week. He is six years of age.

### TEN YEARS AGO.

From the issue of The Hamlin Herald dated July 2, 1948, the following news briefs of 10 years ago are reprinted:

Stanley Carmichael was installed as new president of the Hamlin Lions Club at installation rites at the weekly club meeting Tuesday. Other officers installed by District Governor Marvin C. Culbertson of Vernon included: A. G. Irwin, first vice president; Jim Howard King, second vice president; Clyde Angel, third vice president; C. C. Bailey, secretary; Onis Crawford, treasurer; Herman Treadwell, tail twister; Arlie Castle, Lion tamer.

Hamlin territory received another good rain over the weekend. The fall measured 3.08 inches at Hamlin.

M. P. May, 77-year-old pioneer of the section, died of a heart attack Friday.

### FIVE YEARS AGO.

Files of five years ago reveal the following news items of the community five years ago, taken from the issue of The Hamlin Herald dated July 3, 1953:

Although crops in the area are suffering for moisture a check of records reveals that rainfall total has been more than 70 per cent of normal, but the rains have come at inopportune times.

Mayor Mac Brundage advised this week that the recently completed water pipeline from Stamford to Hamlin will not be tied in to bring water from Paint Creek Lake for about two weeks yet.

Publisher Willard Jones of The Herald, who lost most of his right hand on June 19 in a pressroom accident, was moved last Thursday to a Fort Worth hospital, where he will undergo plastic surgery.

### ONE YEAR AGO.

News events in the area of one year ago included the following, reprinted from the issue of The Herald dated June 28, 1957:

Twenty-two members of Hamlin Boy Scout Troop 43 are at Camp Tonkawa, south of Abilene, this week at the annual council camp.

Preliminary work on widening Highway 83 south of the Santa Fe depot has been begun. Gas mains will have to be moved before major work can be done, says O. D. Roland, mayor.

## Livestock Continues to Bring Good Prices, Hogs Hit High of Three Years

A total of 2,152 stocker and feeder calves and yearlings were sold in the first double header sales at Fort Worth last week. Prices were strong, and the cattle grossed \$312,917.47 in the sales, according to the weekly market summary of Ted Gouldy, special market reporter of The Herald at Fort Worth.

The 1,372 Herefords grossed \$203,832.45 and averaged \$148.56 per head. The 780 Angus grossed \$109,085.02 and averaged \$139.84 per head. The Herefords included a larger percentage of heavier yearlings.

Top steer calves cashed at \$30 to \$36, and heifer calves ranged from \$32.50 downward.

The brisk trade and the strong prices were interpreted by market observers as an indication of the currently strong position of the cattle business and the optimism with which buyers of cattle view the future.

Excellent pasture and feed conditions have put cattle in strong asking prices.

Trade was active and prices were strong to unevenly higher in all divisions of the livestock market at Fort Worth Monday. Cattle and calves were sharply curtailed, supply there due to rains and showers in recent days in the territory which has freshened pastures and assured green feed for a while longer. The cattle numbers around the major marketing circle were also nearly 20 per cent smaller as 15,000 fewer arrived than on the same day last week.

Trade got underway quickly at Fort Worth and prices ranged from steady to 25 to 50 cents higher on the cattle and calves. Most strength was noted on cows and calves.

Good and choice slaughter steers and yearlings cashed at \$24.50 to \$27, and common and medium slaughter steers and yearlings drew \$16 to \$24.

Fat cows ranged from \$17.50 to \$21, and canners and cutters drew \$12 to \$17.50, a few strong weight cutters to \$18. Bulls returned \$17 to \$22.

Good to choice slaughter calves brought \$24.50 to \$27.50, a few fancy calves to \$28. Common and medium offerings cashed at \$17.50 to \$24. Cull sorts ranged from \$14 to \$17.50.

Good and choice stocker steer calves ranged from \$27 to \$32, and heifer calves ranged from \$27.50 downward. Lightweight stocker steer yearlings cashed at \$27 down, and feeder steers sold from \$25.50 downward. Some load lots of feeder steers cashed

at \$24.50 and \$25.50, and some feeder yearling steers reached \$26.

Butcher hogs were 50 cents to \$1 higher at Fort Worth Monday as the numbers were light and the seasonal strength of swine prices developed as expected.

Hog prices soared to the best levels since July 14, 1954, as choice hogs topped at \$24.25 to \$24.75. Medium and good butchers cashed at \$22 to \$24. Sows ranged from \$19 to \$21. Stags cashed at \$11 to \$16, and a few boars cashed at \$10 to \$12.

Sheep and lambs drew fully steady to strong prices. Good and choice spring lambs cashed at \$21 to \$23, and those at the higher figure carried a percentage of just good grades. Cull to medium spring lambs sold from \$14 to \$20.50. Stocker and feeder lambs were considerably more active and spots were 50 cents higher, as the bulk of those lambs sold from \$18 to \$19. Some choice shorn spring lambs cashed at \$21.50.

Yearling lambs of good to choice grades cashed at \$17 to \$18, and cull to medium yearlings cashed at \$13 to \$15. Old wethers cashed at \$8 to \$12 and some big weights of around 150 pounds and upwards were bid in the \$7 to \$9 bucket. Slaughter ewes sold from \$5.50 to \$7, and a few aged ewes for stocker purposes sold from \$8 to \$12. A few yearling ewes drew \$15. Slaughter bucks sold around \$6, and some aged bucks went back to the territory at around \$7.50. Two-year-olds netted \$15 down.

Army Private First Class Elmer E. Rhoton, son of Mr. and Mrs. Marvin L. Rhoton of 512 North-west Avenue F in Hamlin, recently participated in a field training exercise conductor by the Eighth Infantry Division near Baumholder, Germany, according to a release to The Herald from the Baumholder base.

Rhoton, a light machine gunner in Company B of the division's 8th Infantry, entered the Army in June, 1957, and completed basic training at Fort Riley, Kansas. He is a 1957 graduate of Hamlin High School.

There are individuals in every community who care little for the respect of the people if they can get 100 per cent.

## Income Not Subject to Withholding May Be Subject to Penalties

The Internal Revenue Service asserts a penalty on taxpayers who have income of more than \$100 not subject to withholding tax who do not file a declaration of estimated tax and pay their tax during the year, points out Tax Man Sam in a release to The Herald.

According to the law, the owner of a business must file a declaration of estimated tax by April 15 and pay one-fourth of the income tax he is going to pay for the entire year. He then pays one-fourth on the following dates: June 15, October 15 and January 15.

Congress' purpose in putting this into the law was to treat the grocery boy (who has his tax withheld) the same by requiring each to pay his taxes as he receives his income.

There are a number of exceptions allowed taxpayers in making an estimated tax. However, if you have income on which tax is not being withheld you probably should check your instructions on filing an estimated tax return. Any Internal Revenue Service office can help you.

MISS TEXAS—Linda Daugherty, 18, of Abilene, beams as she holds the winner's trophy after being chosen to represent the Lone Star State in the Miss Universe contest at Long Beach, California, next month. Linda, entered as Miss Abilene, is five feet six inches tall, weighs 130 pounds and measures 37-24-37. The hazel eyed beauty won over 19 other contestants in the state finals at Lake Whitney.

## Ted K. Wright Takes Part in Joint Navy Maneuvers in East

Ted K. Wright, electronics technician third class in the U. S. Navy, son of Mr. and Mrs. Jack Wright of Star Route, Hamlin, is serving aboard the destroyer USS Agerholm in the Far East. During April 30-May 14 the Agerholm took part in the joint SEATO Forces operation "Ocean Link" involving navies from Australia, New Zealand, Pakistan, the United Kingdom and the United States.

Designed to coordinate these nation members, the two-week operation consisted of anti-submarine warfare exercise, gunnery competition, air defense and replenishment operations.

Following the maneuver, the destroyer crew visited Buckner Bay, Okinawa, on May 24.

# Working Sheep Dog to be Cowboy Reunion Feature

Visitors to the Texas Cowboy Reunion at Stamford, July 2, 3 and 4, will have the opportunity to see the working border Collies which caught the fancy of all those who saw this act at the show some 11 years ago when Dewey Jontz, field representative of the Iowa State Sheep Association, brought the famous Imported Tess to Stamford.

This year Jontz, who is one of the most widely known men in the business of working and breeding these dogs in this country, will have his famous female, Muff, daughter of Imported Tess. Muff is quite a star in her own right, having been on many national television shows and appeared at many of the nation's outstanding shows. She is an international champion in both male and female divisions, having won in the national Plowing Matches in 1956 and the invitation trials at the Calgary Stampede.

Shepherds used this type of dog four centuries ago in Great Britain, where they are as old as the sheep industry itself, and nowadays they are also used with livestock and poultry. When one watches the coordinated effort of the man and dog, it is as an unwritten message between them. It has been said of the old British shepherds that, should you visit one of them in quest of one of the dogs, you would find him more willing to part with his wife.

## THE OTHER STANDARD.

Enough is what would satisfy us if the neighbors didn't have more.

## IT TALKS LOUDER.

HOW ARE THINGS AT THE RANCH?—William A. Blakley (left), candidate for the U. S. Senate, talks with his ranch foreman, L. L. Parr III, in Abilene at a chuck wagon supper. Blakley opened his campaign with an all-day affair billed as the Blakley round-up time in West Texas.

# Paint Creek, Fort Phantom and Other Lakes of Region Show Water Gains

Although the Hamlin area generally could use some more moisture at this time, some sections of the state have had above normal rainfall and run-off, according to the monthly water conditions report issued by the Board of Water Engineers for Texas.

Paint Creek Lake, from which Hamlin gets much of its domestic water supply, Fort Phantom Lake and others in the region contain more water than they have generally the past several years at this time.

Highlights of the state water conditions report, with special attention for this section of West Central Texas, follow:

The heavy rains of late April and early May caused flood run-off from the Sulphur River in Northeast Texas to the Guadalupe River basin in Central Texas. The volume of upstream run-off early in May was sufficient to cause above normal discharge on the lower reaches of the main rivers. By the end of the month flows in these streams were largely due to releases from upstream reservoirs. Run-off in the upper Colorado River basin and westward was moderate to deficient.

Total usable water in major Texas reservoirs rose 250,000 acre feet during May to 9,588,620 acre feet, which is 94 per cent of conservation capacity. Flood waters in storage due to orderly releases amount to 3,041,300 acre feet.

In general, rainfall for the month was below normal except

for Midland, Odessa, Waco and Wichita Falls. However, cumulative amounts are above normal for the year at all reporting stations except Galveston, Houston, Port Arthur, Beaumont, Victoria and Waco.

Water levels rose from 1.6 to 3.8 feet in the selected observation wells at Uvalde, San Antonio, in the Winter Garden area near La Pryor, and in Travis County near Buda. Declines of water level from 0.5 to 3.0 feet were recorded in the observation wells at El Paso, Alief, Pasadena and in Atascosa County near Poteet.

Reports on lakes in the Central West Texas area, in which people of the territory are interested, are given:

Fort Phantom Hill near Nugent contained 74,130 acre feet, which was 100 per cent of capacity.

Paint Creek near Stamford had 60,000 acre feet of water, which was 76 per cent of capacity. At the same time a year ago it contained 79 per cent.

Possum Kingdom Lake near Graford contained 724,700 acre feet of water, which was 91 per cent of capacity. Last year at the same time it contained 95 per cent of capacity.

Lake J. B. Thomas near Snyder contained 196,000 acre feet, which was 97 per cent of capacity. A year ago it held 85 per cent of capacity.

Oak Creek Lake near Blackwell held 105,900 acre feet, which was 89 per cent of capacity.

# Every Motorist Needs Part in Push To Trim Accidents

"Everyone should do more to reduce the appalling number of deaths and injuries on our nation's highways."

In those words J. O. Musick, general manager of the Texas Safety Association, launched the June phase of the slow-down-and-live program which is being supported by the Texas Safety Association, with the cooperation of the National Safety Council, to give further support to the nationwide back-the-attack-on-traffic-accidents campaign.

Musick said that every motorist in Texas can help two ways—one, by starting his own personal campaign to cut down on traffic injuries and fatalities by adjusting his driving speed to the conditions of the road, weather, vehicle and himself; and, two, by backing stepped-up speed control measures by the traffic agencies or police department. He said that even though drivers stay within the posted speed limit they are still considered speeders if they are driving with their brakes in poor shape or on roads that are wet or crowded. Urging drivers to keep alert behind the wheel and not to let sleepiness, anger or impatience influence their actions while driving, he also advised against mopey driving which creates traffic delays and sets up accident causing incidents.

"Improper speed can be a murderous act," Musick said. "Control it, and you'll be helping to cut down on deadly and tragic traffic crashes. Speed violations were factors in 57 per cent of all rural Texas traffic accidents in 1957.

"It's better to be outdistanced than outlived, so drive with care!"

# Exhibits About Texas Higher Education to Be State Fair Feature

"Higher Education in Texas," a coordinated effort representing all the state's colleges and universities, has been announced as major phase of the 1958 State Fair of Texas, October 4 to 19, in Dallas. Approximately 80 junior and senior, private and state-supported institutions will actively participate in the project which will include a variety of cultural and scientific exhibits and entertainment features at the fair.

"Aim of the project will be to dramatically point up the importance of higher education, particularly in the present era in which science and technology are becoming increasingly more vital," said James H. Stewart, executive vice president and general manager of the fair.

## Mary Willingham Becomes Bride of Kenneth Holloway in Church Wedding

Wedding vows were exchanged at 7:30 p. m. Saturday by Mary Margaret Willingham and Lieutenant Kenneth L. Holloway at the Hamlin First Methodist Church with Rev. Edmund W. Robb, pastor, officiating.

The bride is the daughter of Mr. and Mrs. Tarlton Willingham of Hamlin. Lieutenant Holloway is the son of Mr. and Mrs. Henry Holloway of Anson.

## Reception Following Willingham-Holloway Wedding Saturday

A reception for wedding attendants of the Willingham-Holloway wedding Saturday evening was held in the home of Mr. and Mrs. Richard Young Jr. Tall hurricane lamps lighted the way for the guests as they entered the house to be received.

The bride's table was covered with white organdy over yellow. Yellow tapers burned in silver candelabra. The three-tier wedding cake was decorated with a cascade of yellow roses and topped with a miniature bride and groom. Table appointments were silver.

Those in the house party were Mrs. Ronald McKim, Mrs. Guy Weaver, Angela Malouf, Ruthanna White, Elaine Conger, Barbara Durham, Mrs. Parker Kelly, Mr. and Mrs. Richard Young Jr., Mrs. Johnnie Agnew, Mrs. Clyde Grace, Mrs. Charlie Sellers, Mrs. A. B. Carlton and Mrs. Noel Weaver.

Following the reception the newlyweds left for a honeymoon to Mexico City. For traveling Mrs. Holloway wore a suit of imported grey cotton with accessories of white and black. She wore the arch from her bridal bouquet.

Lieutenant and Mrs. Holloway will be at home after July 15 at Junction City, Kansas.

Traditional wedding music was provided by Mrs. Brad Rowland, organist, and Bobby Norton, soloist, who sang "I Love Thee," "Because" and "The Lord's Prayer."

Floor baskets of giant yellow daisies before a background of candelabra holding yellow tapers formed the setting for the ceremony. A giant green palm formed an arrangement in the center background. Small palms complimented the candelabra. A satin kneeling bench centered the nuptial setting.

Given in marriage by her father, the bride wore a gown of pearl white imported Shiffler embroidered tulle over satin. The fitted bodice of shirred tulle was accented by a molded band of Shiffler embroidery. The brief shirred sleeves were complimented by matching gauntlets. The very bouffant skirt was designed with a deep over-skirt scalloped at the bottom and falling over a deep tulle dust ruffle that fell to carpet length. The triple French illusion finger-tip veil fell from a queen's crown of seed pearls. The bride carried a white orchid complimented by cascades of Stephanotis on a white satin-covered Bible. The Bible was given to the bride's aunt, the late Gertrude Young, over 50 years ago.

Attending the bride as matron-of-honor was Mrs. Spero Constantine of Midland. Bridesmaids were Mrs. R. B. King Jr. of Fort Worth, Nancy White of Dublin, Martha Willingham of Corpus Christi and Elizabeth Johnson of Hamlin. Jeanne Marie Young of Hamlin was flower girl, and Jerry Stephens of Fort Worth was the ring bearer.

The attendants wore identical frocks of maize lace and taffeta. The lace bodices were designed with low necklines and brief sleeves. A taffeta cummerbund

**HONEYMOONING IN MEXICO** are Mr. and Mrs. Kenneth L. Holloway, following their marriage Saturday evening at the First Methodist Church. Mrs. Holloway (above) before her marriage was Mary Margaret Willingham, daughter of Mr. and Mrs. Tarlton Willingham of Hamlin. Young Holloway is the son of Mr. and Mrs. Henry Holloway of Anson. The newlyweds will be at home after July 15 at Junction City, Kansas.

encircled the waist and finished in a back butterfly bow. Unpressed pleats formed the waist length skirts. The attendants wore identical headresses fashioned of pearls and maize tulle. They carried garden bouquets of giant white daisies.

The flower girl wore a dress of white taffeta fashioned similar to the attendants' dresses. She wore a maize and white flower bandeau and dropped white rose petals from a yellow net basket.

Don Holloway of Anson served

his brother as best man. Grooms-men and ushers were Jack Willingham of Hamlin, brother of the bride, Lieutenant Jim McCue of Fort Riley, Kansas, and Don Tabb of Fort Riley. Lieutenant McCue and Don Tabb also served as candle-lighters.

The bride is a graduate of Stephens College, Columbia, Missouri, and of Texas Christian University at Fort Worth, where she was a member of Kappa Alpha Theta sorority. The groom is a graduate of Texas A. & M. College. Lieutenant Holloway is now stationed at Fort Riley, Kansas, where he is the communications officer in the First Medium Tank Battalion of the 69th Armor.

## Cooking in Aluminum Foil Is Practical and Saves Dish Washing

For a camping trip, a picnic or a meal in the back yard, food cooked in aluminum foil is delicious and easy to do. You can bake and serve in the foil and save on dish washing.

Vegetables, meats and fruits can be "pressure cooked" in their own juices this way, with only a bit of seasoning, shortening, butter or bacon added for flavor and moisture.

For best results, extension foods and nutrition specialists offer these suggestions:

Wrap carefully. Piece of foil should be large enough to allow for drug store wrap. Place food in center. Add butter or fat and seasonings. Fold edges until tight on food. Double the layer around the food by repeating the process with another piece of foil.

Place package directly on a bed of hot coals. Never use a flaming fire (except when using a reflector oven).

Cooking time will vary with type of firewood, wind strength and other factors. Recipes can give only approximate time. Turn food package at approximately half its cooking time.

Serve contents directly from the wrap, doing away with a dish or plate.

Details on foil cookery are given in the bulletin on "Food for Camp." Get a copy from your local county extension agent's office.

## SAY THAT AGAIN.

"Now," said the saleslady in a millinery shop to a prospective customer, "here's a hat that will never go out of style. It will look just as silly next year as it does now."

## Mrs. Jack Bessire, Recent Bride, Feted At Gift Tea June 12

Mrs. Jack Bessire, nee Donna Kidd, was honored at a gift tea on June 12 in the home of Mrs. Austin Siburt.

Guests were greeted by Mrs. Siburt, who presented Mrs. Lonnie Kidd, mother of the bride; the honoree; Mrs. J. C. Bessire, mother of the bridegroom; Mrs. Ben Westerman, sister of the bridegroom; Mrs. L. B. Holden, grandmother of the bridegroom.

Mrs. S. A. Teague directed the guests to the serving table. The table was covered with a pale green cloth overlaid with a white cut-work cloth.

The centerpiece of white daisies and ferns was reflected by a large mirror and flanked by white candles in crystal candelabra.

Jerry Runfield presided at the serving table, assisted by Benita Smith, Bette Teague and Gloria Rodgers.

Mrs. Irvin Smith and Mrs. Bert Fomby directed guests to the bedrooms, where the gifts were displayed by Mrs. L. B. Gage, Mrs. Sam Terrell and Mrs. Boots Crawford.

Nancy Snyder registered the guests and Mrs. Cecil Brown said the good-byes. Other hostesses were Mrs. Jackie Fletcher, Mrs. W. H. Hallmark, Mrs. O. E. Brandon, Mrs. W. B. Britton and Mrs. L. N. Minton.

## Intermediate GAs Go To Baptist Camp

Several Hamlin girls who are members of the Intermediate Girls' Auxiliaries of the First Baptist and North Central Avenue Baptist Churches are this week attending the annual Intermediate GA camp at Lueders.

The camp opened Monday and will continue through Thursday (today). Girls going to the camp are Geneva and Leona Brinegar, Dixie Daniels, Beth Christian, Sarah Snapp and Laverne Stuart.

Mrs. Lesley Shelburne was the chaperone for the Hamlin group.

## VISIT FROM MOODY.

Mr. and Mrs. J. W. Gay of Moody visited with his sisters, Mrs. O. L. Jenkins and May Gay, over the week-end. He is editor of The Moody Courier.

## VISIT WITH RELATIVES.

Mr. and Mrs. R. G. Stephenson, daughter and son of Tucumcari, New Mexico, and Mrs. S. G. Caruth of Fort Arthur were guests for several days of Mrs. Etta Stephenson and Mr. and Mrs. Virgil Steele.

## Imagine Being Happy During CHANGE-OF-LIFE!

Thousands of women now go "smiling through" those trying years—without awful suffering from "hot flashes"! Countless women have found you no longer have to feel sickly, "old" before your time. Today, many can enjoy change-of-life—without terrible suffering! Pinkham's Tablets have been developed especially to relieve those functionally-caused "female miseries". Their unique formula includes blood building iron! With Pinkham's Tablets, you can escape much of the "hot flashes", irritability. You're ready to start living again!

**NO PAINFUL SHOTS!**  
8 out of 10 tested by doctors got thrilling relief—without costly shots! Why not you? Get Lydia E. Pinkham's Tablets at drug stores. See if you don't find new happiness during change-of-life!

**IF YOU PREFER A LIQUID,** druggists also have Lydia E. Pinkham's Vegetable Compound.

## Ginger Rappjohn of Hamlin Presides at Area FHA Meeting

Ginger Rappjohn of the Hamlin High School chapter of Future Homemakers of America presided this week at a leadership training conference and workshop for officers of FHA, Texas Association, Area 4, this week at Stephenville.

The 10 area officers, their sponsors and 20 other chapter officers attended. Purpose of the conference was to make plans for the coming year; clarify the responsibilities of each officer; and have an executive council meeting.

Those attending from Hamlin were Ginger, Darla Harkey, Libby Johnson and their sponsor, Mrs. James E. Simmons.

## Children and Money Is Topic for Meeting Of Friendship Club

Mrs. Fred Carpenter gave an interesting program on "Children and Money" when members of the Friendship Home Demonstration Club met June 13 at the oil mill guest house.

A council report was given by Mrs. Sol Branscum. A report on the last meeting of the Hamlin Women's Forum was given by Mrs. John Hix.

Tea and cookies were served by the hostess, Mrs. M. S. Johnson, to Meses, Fred Young, John Hix, Fred Carpenter, Sol Branscum, Richard Young, D. W. Carlton, W. H. Murphree, B. H. Gardner, M. E. Green and Jean Witt.

## CREDIT WHERE DUE.

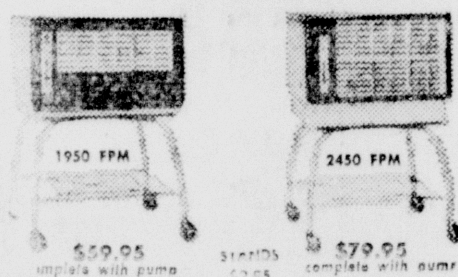

The judge, who was about to deliver a severe sentence, looked at the defendant and began: "This robbery was consummated in an adroit and skilful manner." The prisoner blushed and interrupted: "Come now, your honor. No flattery, please."

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin. — First drouth, then floods and now grasshoppers have come to plague disaster weary Texas farmers.

After touring the affected area in the Panhandle, Governor Price Daniel called it the worst grasshopper infestation in 20 years. Unless checked, he said, the hoppers could destroy much of the crops and pasture in 26 counties.

County, state and federal agencies worked with landowners to get crews to spray the hatching grounds along roadways. State Department of Agriculture, Texas Highway Department, National Guard and defense and disaster relief office are cooperating in the battle. Aim is to try to kill the insects before they leave the hatching grounds and start chewing their way into crops for which farmers had high hopes this year.

Another threat is fund shortage. At a cost of some \$3,000 a day for spraying crews, Texas Department of Agriculture's emergency funds dwindled fast.

Governor Daniel expressed hope that some federal assistance might be obtained.

**Cox Appeal Denied.**—Ex-Representative James E. Cox of Conroe has lost another round in his fight against a two-year prison sentence.

Court of Criminal Appeals, by a two-to-one decision, upheld the trial court conviction on charges of consenting to accept a bribe. Cox's attorneys have one more recourse left—filing a motion for a rehearing. Since the appeals court recesses June 28, this could not be considered until it reconvenes next October.

Cox's troubles rocked the state last spring, during the 1957 legislative session. They began when Howard Harmon of San Antonio, one-time head of the Texas Naturopaths, made public a tape recording of a hotel room conversation with Cox. Harmon and state's attorneys contended that the conversation reflected an effort by Cox to shake down Harmon in return for killing an anti-naturopath bill which Cox had introduced in the Legislature.

**Judge's Opponent Out.**—One election contest has already been settled, some six weeks before election day.

Texas Supreme Court ruled that District Judge Graham Purcell of Wichita Falls not eligible to run for the Court of Criminal Appeals against Judge K. K. Woodley. Reason: Judge Purcell has had only nine years' experience as a lawyer and judge.

An 1891 amendment to the constitution requires that Criminal Appeals Court judges have the same qualifications as Supreme Court judges. At that time the requirement for the high court was seven years' experience. In 1945 the constitution was amended to require 10 years' experience for Supreme Court judges.

Despite the time lapse, the effect of the two amendments is to require 10 years' experience for criminal appeals judges, according to the ruling in the Woodley-Purcell case.

Result is that Woodley will be unopposed in the primary and win automatic renomination for another six-year term.

**Lnie Jumping Threat.**—Another Supreme Court ruling on an election dispute poses an election day dilemma for Dallas voters.

It held that Grover Cantrell, Dallas labor official, self-styled "Stevenson Republican," is entitled to oppose Congressman Bruce Alger on the GOP primary ballot.

Cantrell's candidacy is interpreted as a move to inconvenience Dallas conservative voters. Election results for 1956 indicate a good percentage of "Big D" voters threw their strength behind conservative Democrats at precinct conventions and primaries, but supported Republican nominees for national offices in the general election. Presumably, unless conservatives are on hand to vote, Cantrell's friends might scratch GOP favorite Alger in his own primary.

But it's a two-edged sword that applies equally to Dallas liberals. If they go to the Republican primary to help Cantrell, they cannot vote for liberal Democratic contenders for state office nor fight conservatives for Democratic precinct control.

**Like a Jury?**—Defending the State Board of Health's closed door meetings, Commissioner Henry H. Holle said:

"The board is like a jury. You get the verdict, but you cannot get in on their comments."

State Board of Health has au-

## KERRY DRAKE

thority to allocate federal funds under the Hill-Burton act to match local funds for hospital building. Its policy has been to announce names of hospitals approved to receive funds, but not those rejected or why.

Newsmen had been openly critical of the board for barring the press from its meetings. Holle said minutes of the board meetings were available to the public after formal approval at the next meeting—three months later.

**Try, Try Again.**—Texas Supreme Court is again being asked to referee the battle of appointments

that has brought the state insurance liquidation to "utter chaos."

Latest deadlock developed when Insurance Commissioner William A. Harrison fired Liquidator James M. Williamson (in office only 10 weeks) and replaced him with C. M. Landeau, formerly first deputy. But District Judge Charles O. Betts, one of three Austin judges handling insurance receivership cases, refused to accept Landeau as receiver for the cases in his court. He named another attorney. Other two judges accepted Landeau.

On behalf of the insurance department, Attorney General Will

Wilson has petitioned the Supreme Court for permission to file a writ of mandamus voiding Betts' action. His petition charges Betts with usurping powers assigned to the insurance department. It says the "divided responsibility" of two receivers in one office "creates utter chaos."

In a previous effort to get a ruling that would unseat authority over liquidation, the high court held the judge could appoint a receiver if the insurance department failed to do so.

**More Money for Land.**—Texas Veterans Land Board has made

its third \$12,500,000 sale of bonds to finance land purchases by veterans.

This brings to \$37,500,000 the bonds sold since last December. Land office spokesmen say it gives the program enough money to carry it until August, 1959. A total of \$200,000,000 in bond issues

## Prizes Posted in Color Contest by Theaters

Free prizes are offered winners in a photo coloring contest being sponsored by the Ferguson Theater and three Hamlin merchants, according to Darwin Barnes, theater manager.

Sketch of a scene from "The Left Handed Gun," feature picture at the Ferguson Sunday, Monday and Tuesday, is printed in today's Herald on page eight. Children under 12 years of age may color the sketch, and prizes will be given to winners by Western Auto Store, Winn's Variety Store and White Auto Store.

was authorized by voters in a recent constitutional amendment.

For a time the program was at a standstill because the board was unable to find bond buyers who would accept the three per cent or less in interest which the state is allowed under the constitution to pay.

## VISIT IN FORT WORTH

Mr. and Mrs. Loy Fry Sr. spent Sunday in Fort Worth with Mr. and Mrs. Loy Fry Jr. and daughter.

The man who rolls up his sleeve seldom loses his shirt.—E. E. Kenyon.

## Political Office Announcements

The Herald is authorized to announce the following candidates for public office, subject to the action of the Democratic primary election on Saturday, July 26, 1958:

### JONES COUNTY:

For State Senator, 24th District:  
DAVID W. RATLIFF  
ROBERT R. PATTERSON

For State Representative:  
LEON THURMAN  
MICHAEL A. (MIKE) WASH

For County Judge:  
H. G. ANDREWS JR.

For County Superintendent:  
EVERETT BEAVER

For Clerk of District Court:  
W. O. MCGINNIS  
ARDEN BEASLEY  
W. L. McDONALD

For County Clerk:  
GENE SPURGIN JR.  
ROY THORN  
W. C. THOMPSON

### FISHER COUNTY

For Representative, 11st District:  
TEMPLE DICKSON

For Commissioner, Precinct 2:  
JERRY CROWLEY

For County Judge:  
BRUCE MCGAIN

### SHOW PIECE.

The small daughter of a televisionless household regarded the arrival of a new piano with little enthusiasm.

"Can't we put something on the roof to show we've got it?" she asked her mother.

## John Richey Tells Rotary Club About Trip to Boys' State

John Richey, Hamlin High School junior, who recently returned from Austin, where he attended the annual Boys' State, spoke at last Wednesday's weekly luncheon meeting of the Hamlin Rotary Club. The club had sent young Richey to the government convales.

The club also had sent Ginger Rabjohn to the Girls' State previously. She was scheduled to talk at this week's luncheon session at the oil mill guest house.

Richey was elected deputy sheriff in the county government division of the demonstration, which is sponsored annually by the American Legion and Legion Auxiliary. From 400 to 500 boys from all sections of the state attended the convales.

Demonstrations in city, county and state government are conducted during the Boys' State, all the offices being filled by attendants to give them first hand knowledge of the functions of the various governments. Young Richey gave vivid accounts of his experiences at Austin.

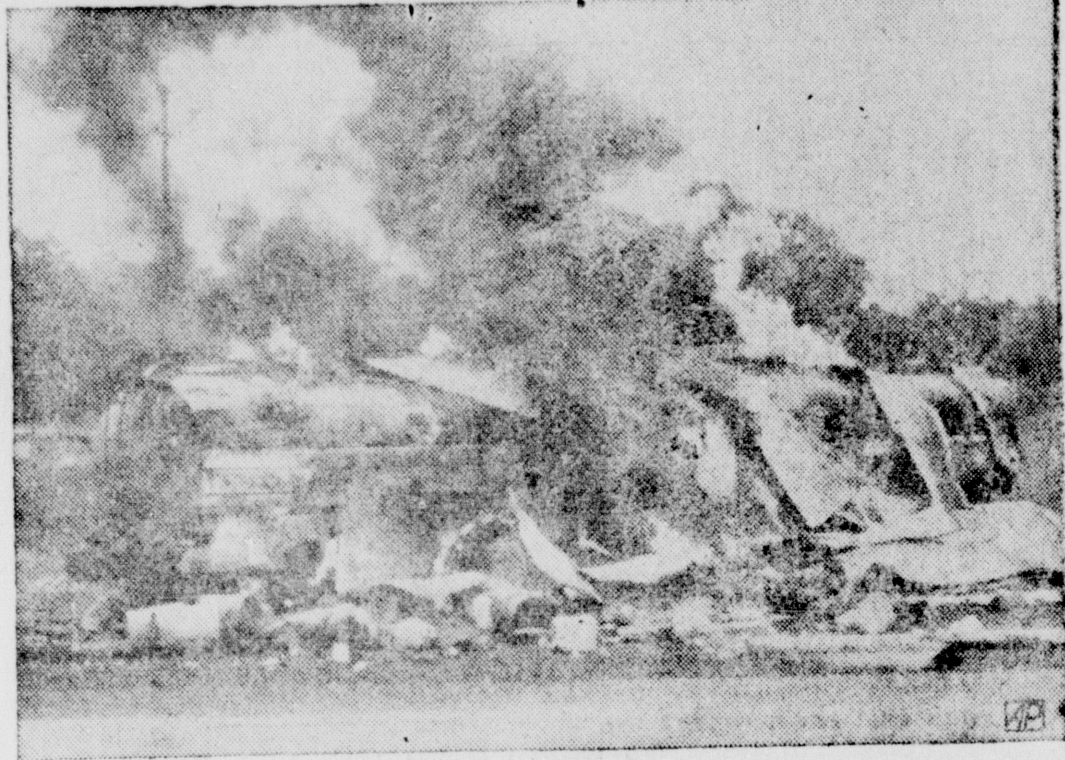

Tate May reported some highlights of the recent Rotary International convention held at Dallas which he and several other Hamlin Rotarians attended.

Besides young Richey, other visitors at Wednesday's luncheon included County Judge Pete Andrews and W. M. Blackburn of Stamford.

### NEIGHBORLY.

First Neighbor—"How did that naughty little boy of yours get hurt?"

Second Ditto—"That good little boy of your hit him with a brick."

**AFTERMATH OF COLLISION**—This transport truck carrying 5,000 gallons of gasoline is shown after it collided with a car and plowed into a general store at Neches. Three men were injured including W. F. Lagle, 88, who was asleep in the store. Truck driver Henry Smith of Jacksonville managed to pull Lagle to safety before the gasoline exploded inside the store.

## Brazos River Authority May Get New Funds

Officers and staff of the Brazos River Authority met in Austin last Friday with a special committee of the Texas Water Development Board to discuss possible future financing needs of the authority. Also in the conference were representatives of the U. S. Corps of Engineers and the Texas Water Conservation Association.

Conclusion of the session was that funds of the Water Development Board may help the BRA to finance certain pending projects.

The Hamlin section still is interested in projects on the upper stretches of the Double Mountain Fork of the Brazos northwest and north of Hamlin.

## Downward Trend In Traffic Deaths Credited to Drive

Figures just made available to the Texas Safety Association reveal that more than 1,500 American lives were saved in traffic during 1957. The number of fatalities nationally have totalled 38,500—as compared with 40,000 fatalities for the preceding year.

This downward trend in fatal traffic accidents actually began in December, 1956, the month in which the current national back-the-attack on traffic accidents campaign was launched, and has continued in an almost unbroken line for 13 months. The attack campaign is conducted on a national scale by the National Safety Council and is coordinated throughout Texas by TSA.

This evidence that the traffic toll can be cut supports the premise that improved official traffic programs backed by an aroused public can eventually solve the growing problem of congestion and accidents. It also points up 1958 as really the "decisive year" in traffic safety.

The question that remains to be answered is "Can these gains be fortified and improved?" J. O. Musick, TSA's general manager, believes that they can, and supports his belief with the statement that: "A growing influence which may help provide a positive answer to this question is the recognition of the moral aspect of traffic responsibility. While many persons, including clergymen and lay religious leaders, have stressed the need for this concept in the past, these efforts are now welded into a stronger, more persuasive voice for safety." Perhaps, at last, man is beginning to realize that he is also his "brother's keeper" on streets and highways.

## Freight Carloadings For Santa Fe Climb

Freight carloadings for the Santa Fe Railway System for the week ending June 14, 1958, were 26,726 compared with 25,430 for the same week a year ago, reflecting a gain. Cars received from connections totaled 10,531 compared with 11,598 for the same week in 1957.

Total cars moved were 37,257 compared with 37,208 for the same week a year ago. Santa Fe handled a total of 30,256 cars in preceding week this year.

There's a lot of difference between men of vision and visionary men.

## Thomas J. Hill, 60, Succumbs Sunday At Fort Worth

Funeral services for Thomas Jefferson Hill, 60-year-old Hamlin railroad man who died Sunday evening in Fort Worth following a heart attack, were conducted Wednesday afternoon at 3:00 o'clock at the First Baptist Church in Hamlin.

Hill was a retired railroad conductor on the Texas & Pacific Railway. He started railroading at the age of nine years. His first job was calling the crews together. He had been a resident of the Hamlin area for 40 years. Hill had been in failing health for 12 years.

Born at San Antonio on January 27, 1897, he was the son of Mr. and Mrs. T. J. Hill Sr. He married the former Ada Sue Wilson at Hamlin on February 18, 1922. He was a member of the First Baptist Church of Hamlin, the Masonic Lodge and the Brotherhood of Railroad Trainmen. He was a veteran of World War I.

Officiating at the final rites was Rev. Calvin Bailey, pastor of the First Baptist Church. Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home. Pallbearers were Cliff Reynolds Jr., L. C. Bonds, Bill Harbert, Weldon Johnson, Fred B. Moore Jr. and Jack Russell.

Surviving the railroader are his widow, Mrs. Ada Sue Hill; one son, Tom W. Hill of Odessa; one daughter, Mrs. Don Dean of Hamlin; one brother, Ed Hill of San Angelo; one sister, Mrs. Myrtle Sanderson; and four grandchildren.

### TIME FOR TRANQUILIZERS.

A kangaroo dropped in to see a psychiatrist.

"What's the trouble?" he was asked.

"I don't know, doctor," replied the distraught kangaroo, "but I just don't feel jumpy any more."

### FOR BETTER OR WORSE.

Friends were congratulating Mrs. Bodlyton on her silver wedding anniversary for having lived with the same man for 25 years.

"Oh," commented the lady, "but, you see, he isn't the same man he was when I first got hold of him."

Mr. Smith—"Why did you wake me out of a sound sleep?"

Mrs. Smith—"The sound was too loud."

**PUBLIC HEARING** of the annual budget for the fiscal year 1958-59 will be held at the City Hall, June 26, 1958, from 7:00 to 8:00 p. m.—L. B. Moberg, Mayor. 1c

## 24 Miles Per Gallon Made in Pick-Up Run

Record of 24 miles per gallon of gasoline was established last week-end in the economy runs of the new International pick-up staged by International Harvester Company and Prewitt Motor Company, new dealer for the pick-ups and trucks in Hamlin.

Sidney M. Johnston drove the demonstrator pick-up to that mileage, and received a \$25 U. S. savings bond. LaFoy Patterson made

a run of 23½ miles per gallon and received \$5 in cash.

Assisting with the demonstration, staged on the Rotan highway, was Bill King of IHC.

### IT COULD BE.

"Mama," asked seven-year-old Clara, "what does trans-Atlantic mean?"

"Across the Atlantic, of course," replied her mother. "Trans' always means 'across'."

"Then, I suppose," continued Clara, "that transparent means a cross parent."

by Truman Black, Manager

## TELEPHONE TALK

## Meet New Service Representative

We are sorry to lose Mrs. Lennie Cochran, who is moving to Kermit with her family. Our new service representative is Mrs. Rosa Lee Scott, who is a native of Roby and has lived in Hamlin the past six years. She has been employed in the Traffic Department as an operator since 1952. Her husband, Melvin Scott, is an installer-repairman in the Plant Department. We invite you each to come by our business office and meet Mrs. Scott.

## For Parents Only

Now that summer is here, and the children are out of school, I imagine the family's telephone service is getting an extra good work-out.

I guess teenagers, and even the smaller fry, need the telephone more often during vacation months. They use it to line up sand lot ball games, swimming parties, movie dates, and a good many other things, as we all know.

It would be hard to find a better time than now to order an extension telephone. Put it in a room where it will be handiest for the youngsters. They'll enjoy the privacy and so will you. Best of all, you'll save yourself no telling how many dashes to answer incoming calls that always seem to be for them.

To order an extension, just call the telephone business office, 187. The cost is only \$1.00 a month for a residence extension, plus tax and installation.

## Memo to Businessmen

I heard a businessman remark recently that he's going over his operations with a fine-tooth comb to trim unnecessary expenses. And one item he planned to cut was Long Distance.

I wonder if he wasn't making a mistake. I can understand the desire to cut costs. But, rather than cut Long Distance, he should use his telephone even MORE for out-of-town calling.

Many businessmen have proved it in for themselves, and here's how: Instead of you or your salesman taking a day to visit several prospective customers in other cities, call them Long Distance. It saves travel on the highway, and turns travel time into selling time. And a telephone call is almost as personal as a visit and just as appreciated.

Try it yourself and watch the results. I think in the end you'll agree with our belief that Long Distance doesn't cost—it pays.

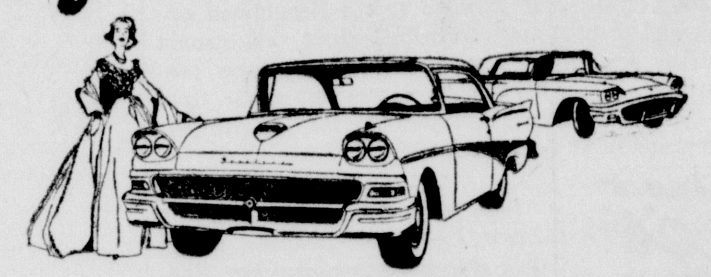

Call by number. It's twice as fast.

**SOUTHWESTERN BELL TELEPHONE COMPANY**

When it comes to driving . . .

# Economy is what you save—not what you do without

That's why Ford economy is true economy! The facts are plain. With the 58 FORD:

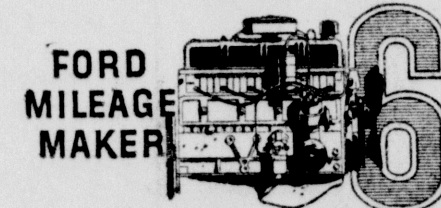

## 1. You don't have to do without modern styling to own a car within your budget

World-famed Thunderbird styling, a Ford exclusive, gives luxurious beauty to every 58 Ford. Yet Ford has the lowest-priced\* convertible . . . and the lowest-priced\* V-8 sedans and station wagons on the market today! You'll drive these beautiful cars with pride!

## 2. You don't have to do without big-car comfort to obtain a low price

Every Ford car has Automatic Ride Control . . . Angle-Poised Ball-Joint Front Suspension combined with long, tailored-to-weight rear springs . . . for a real luxury ride. For still greater comfort, front seats are foam rubber padded in every Ford model at no extra cost!

## 3. You don't have to do without lively performance to save on gas

The liveliest, most powerful Six you can buy is Ford's Mileage Maker Six. It's the only truly modern Six in any car today. With its exclusive short-stroke, low-friction design, this engine delivered the most actual miles per gallon of any car in Class A in the last two Mobilgas Economy Runs! Six or V-8 the savings are great in a Ford!

\*Based on a comparison of manufacturers' suggested retail delivered prices

**58 FORD** WITH PERFORMANCE, STYLE AND COMFORT THAT MATCH ITS SAVINGS!

**HAMLIN MOTOR COMPANY**

AND A BETTER BUY IN A USED CAR OR TRUCK, BE SURE TO SEE OUR OR OTHER SELECTIONS

## Strength of Nation Not Altogether in Armies, Planes and Atom, Says Babson

Much has been said in recent weeks about the comparative strength of this country, and that is the topic of discussion this week for Roger W. Babson, financial advisor and economist, a regular writer for The Herald. He continues:

I shall begin the new year by discussing something far more important than stocks, bonds, real estate or mortgages. My text will be the slogan which President Eisenhower recently brought back from Paris, namely . . .

What is strength? We all know that it consists of something far more than and very different from guns, navies, airplanes or missiles. Yet, these are the things that we read about chiefly in the newspapers and magazines. This is the "strength" which physicists, engineers and metallurgists are called to Washington to discuss.

This situation must be changed. Yet, my able friend, President Killian of my alma mater, the Massachusetts Institute of Technology, has been brought to Washington amid much applause to aid in producing such material strength, not the real strength.

This whole trend seems cockeyed to me. Neither America nor Russia will win with this kind of strength. I am very serious about this.

Real strength comes from courage, faith, hardiness and rejoicing in sacrifice. Have we got this strength? Are any civil men being called to Washington to instill this strength in our people? Our unbalanced set-up is foolish and dangerous. More scientists will not save us. Our missiles, costing millions of dollars each, may be no more effective than the

great wall of China or the Maginot line of France.

Instead of training our youth for courage, the training of our homes, schools and even churches is for softness. Our manufacturers and merchants advertise "easy living," our schools provide plush accommodations; our automobiles must have power steering, automatic brakes and push-button windows. We are the world's worst example of "training for softness" rather than for strength. (Exceptions are our Marines and certain others of our armed services—but these fine men make up only about one per cent of our population. Furthermore, these men know nothing of hardship until they enter the service after their habits have been formed).

In recent issues of a great magazine I find these significant advertisements: A "baby nipple that will keep the baby from dirtying its bib or dress." My comment is that when I spilled my food, my hands got a good slap! Another advertisement treats of food which is so ground and mixed that the child does not need to chew? Over 350,000,000 copies of juvenile books were published in 1957, breaking three books now published are to \$80,000,000. About one in every amuse children and take them away from TV.

We send our children to school in busses and keep them awake with gymnastics. Children are practically born in automobiles; walking is becoming a lost art. As a result, the retail trade of our cities may be ruined by the parking problem. Finally, youth is no longer getting its social life in such outdoor games as were formerly common, but rather in cocktail parties that leave them a "hang-over" which is undermining health, character and industry. Accompanying this course, labor leaders state that their motto for

**SOUND OFF**—Fudge, a four-year-old chimp appearing in an act on the State Fair midway in Dallas, forces a plaintive wail from his trumpet. The Dallas-born chimp is with four other simians appearing nightly.

## HAMLIN MEMORIAL HOSPITAL

Patients admitted to the Hamlin Memorial Hospital since last week's report in The Herald have included: Mrs. John D. Ferguson, surgical, June 16; C. M. Houghton, surgical, June 16; Mrs. W. A. Hawkins, medical, June 16; S. R. Hawkins, medical, June 16; Mrs. R. E. Goldsmith of Rotan, surgical, June 16; Mrs. Lonnie Kidd, medical, June 16; Doris Chandler of Roby, medical, June 16; Georganna Fitzgerald, medical, June 16; Mrs. Howard Tweedle, ob., June 17; Jerry Don Dockins, surgical, June 17; Mrs. J. M. 1958 is "less work, higher wages and more comforts."

All the progress this nation has ever made has been through work, struggle and sacrifice. Muscles became strong through exercise; learning came by use of midnight oil; morals developed through religion and self control. Growing strong permitted no furlough from struggle and sacrifice. It was not money or ease which made America. Our great growth came from strength of muscle, mind and spirit. Softness and luxury are our greatest enemies today.

Why is this not being recognized in Washington? It is true that our president is setting a good example by attending church on Sundays. It is true that the clergy are publishing optimistic statistics and creeds. But what is being done by government, schools or churches to make people tougher, harder, more industrious and anxious to sacrifice? The best in each of us thrives on difficulties. These can be overcome only by courage and sacrifice. It may be too bad that this is so, but it is true. Let us not learn it too late!

## Increasing Cotton Insect Infestations Reported in State

Increasing cotton insect infestations over the state are reported in the weekly cotton condition report prepared by the Texas Agriculture Extension Service in cooperation with the plant pest control branch of the U. S. Department, released to The Herald.

The general report, with a specific paragraph on Northwest Texas of which the Hamlin area is a part, are given below:

The first confirmed report of cotton leafworm for the season was received from C. L. Cook in Calhoun County. Boll weevil infestations were light to medium in the Lower Valley, Upper Coastal, Southwest, South Central, Central and East Texas areas. Flea-hopper infestations were heavy in the Southwest, South Central, and East Texas areas, and light to medium in Coastal Bend, Upper Coastal and West areas. Heavy migration from wild hosts to cotton was occurring in several areas and causing considerable damage. Thrips were light to heavy in Central, North Central, South Central, east, Northeast, Northwest, North Plains and South Plains areas. Pink bollworm infestations were light to medium in Upper Coastal, Coastal Bend, Southwest and Central areas. Other pests causing damage were bollworms, spider mites, aphids, square borers, flea beetles, grasshoppers, brown cotton leafworms and cabbage loopers.

In the Northwest Texas area thrips infestations were reported light to heavy in Cottle, King, Nolan, Motley and Fisher Counties. Spotted infestations of garden webworms were reported from Cottle and King Counties. Light to severe grasshopper infestations were reported from Fisher, Stone-wall, Mitchell and Hall Counties.

**PROUD OF MANNERS.** In his early days, despite his poverty, Oscar Wilde held himself proudly aloof. One day, he was granted an interview with a nobleman looking for a tutor for his sons.

The aristocrat seemed inclined to give him the position, but first asked: "As to meals, Mr. Wilde, will you—or expect to eat with the family?"

"That," Wilde replied blandly, "will depend entirely on your family's table manner."

**TALL TALE.** "When I was a boy," reminisced the old gentleman, "I once gave a circus elephant a stick of striped peppermint candy."

"So?"

"So, whenever the circus came to town again, the barbers had to take in their striped poles to keep the elephant from trying to eat them."

## Piggly Wiggly Offers Month of Free Living

A month of good living for a family—and Piggly Wiggly will pick up the tab—is being offered to some family patron of Piggly Wiggly, according to announcement in the advertisement of the store in this week's Herald.

Particulars may be obtained at the store, announces Edgar Duncan, owner. Participants, who must be at least 18 years of age, register at the store, and winner will be determined on July 26. No purchase is required.

### HAS THE INCLINATION.

A farmer and a rather seedy looking city chap sat waiting in silence for the train at the station. After several minutes had gone by, the city fellow turned to the farmer, "Excuse me," he said, "but could you loan me a cigarette paper?"

"Sure," replied the farmer, and gave him one.

A few more minutes passed, and the run-down stranger asked the farmer for some cigarette tobacco. This was furnished from a little drawstring sack, and once again the two men sat quietly.

Finally, the shabby gentleman asked the other if he might borrow a match.

"Indeed," said the farmer as he handed the other man the match, "you don't have nothin' but the habit, do you?"

### ON THE LINKS.

"My wife says that if I don't give up golf she'll leave me."

"Say, that's tough."

"Sure is. I'll really miss the old gal."

## CITATION BY PUBLICATION

The State of Texas. To Mary Page, if living, and if deceased, then the heirs and unknown heirs, assigns, devisees and legal representatives of Mary Page, deceased, and all unknown owners, defendants—Greeting:

You are commanded to appear before the Honorable County Court of Jones County, at the City Hall in Hamlin, Texas, at or before 10:00 o'clock a. m. of the first Monday next after the expiration of 42 days from the date of the issuance of this citation, same being the 21st day of July, A. D. 1958, then and there to answer plaintiff's petition filed in said court on the 6th day of June, A. D. 1958, in this cause, numbered on the docket of said court and styled State of Texas, plaintiff, vs. Mary Page, et al, defendants.

A brief statement of the nature of this suit is as follows, to-wit: To condemn for highway purposes the north 10 feet off of Lot 1, Block 72, Hamlin Townsite Addition to Hamlin, Texas, as recorded in Volume 14, Pages 50-52 of the Plat Records of Jones County, Texas, and lying between centerline chaining station 53/00.96 and 54/00.96 of State Highway 92 and contains 0.032 acres, more or less, as is more fully shown by plaintiff's petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the seal of said court, at office in Anson, Texas, this 6th day of June, A. D. 1958. Attest: Gene Spurgin Jr., Clerk, County Court, Jones County, Texas. By Louise Childs, Deputy. 35-4c

Issued and given under my hand and the seal of said court, at office in Anson, Texas, this 6th day of June, A. D. 1958. Attest: Gene Spurgin Jr., Clerk, County Court, Jones County, Texas. By Louise Childs, Deputy. 35-4c

## Individuals Can Fight Communism Bailey Tells Lions

"What can I do as an individual to work toward world peace?" was the pointed question asked by Rev. Calvin Bailey, pastor of the First Baptist Church, when he spoke at the Tuesday noon luncheon of the Hamlin Lions Club at the oil mill guest house. He then went on to explain that the responsibility for fighting communism lies upon every red-blooded citizen of America. He urged loyalty to community, government and the church as means of restoring lasting peace to the world during the hectic days of world tensions and problems.

Bailey declared that the world has been a flop in many areas. Basically, he said, the world situation today is a struggle between democracy and communism. He suggested four things as solution to bind the universe together in peace: Rollback trust in God; consistent diagnosis of the situation; self confidence at the point of pressure; and endurance to complete victory.

Guests at the Tuesday luncheon meeting included Curtis Elliott of Stamford, Charles Hardgrave of Abilene and Cecil Lotief of Rotan. At the conclusion of the meeting the gavel was turned over to Stan M. Sheppard, new president of the club for the fiscal year beginning July 1, by retiring president Willard Jones. New officers had previously been officially installed at a ladies' night session of the club.

## 4-H Club Youths of County and Leaders Attend Area Camp

Five Jones County 4-H Club members and extension agents, Mrs. Mary Y. Newberry and Ed Clayton, attended the district leadership training camp held at Buffalo Gap on Monday, Tuesday and Wednesday of last week.

The camp was attended by 165 4-H Club members and adult leaders from the 22 counties of District III. Fern Hodge and James Simmons, district agents of Vernon, attended.

Training courses offered and instructors included: Plant life, taught by B. G. Hancock, horticulturist; wild life, Ed Cooper, wild life specialist; family life, Mrs. Eloise Johnson, family life specialist; 4-H leadership and records, Gerald York, assistant state 4-H Club leader, all of the Extension Service at College Station; safety, Doyle Beavers of Texas Electric Service Company of Wichita Falls; swimming, Curly Hays, Nat Gleaton and Joel Wilson, all of West Texas Utilities Company at Abilene; recreation, crafts, vespers and citizenship by various agents from the different counties.

Four-H Club members attending from Jones County were Jerry Teague, Delray Lefevre, Patsy Wade and Judy Simmons of Anson and Barbara Shuquist of Avoca.

## Farmers Must Make Federal Payments to Get Social Security

Even though farmers have been covered by the federal social security law for several years, a lot of farmers still need additional information on paying self employment tax, according to Tax Man Sam in a release to The Herald. The rate of the self employment tax is 3 3/8 per cent.

Farmers and other self employed taxpayers are required to pay self employment tax if their net earnings from self employment amount to \$400 or more for the year. No more than \$4,200 of self employed taxpayers' earnings is subject to tax. The self employment tax is in addition to income tax.

If you were self employed, you must have a social security account number. You can get an application blank, Form SS-5, at your post office. Use this blank to apply for your social security number. You pay your tax for the entire year along with your income tax return.

## CARNIVORIANS VISIT.

Mrs. Wilburn Fields and son, John Henry, arrived Wednesday from Lancaster, California, for a visit of several days with her parents, Mr. and Mrs. John V. Howard Sr., and her mother-in-law, Mrs. H. Fields at Neinda.

## Ferguson Theater to Present Premier of "Left Handed Gun"

The Ferguson Theater has been selected to participate in the great Southwest premier of "The Left-Handed Gun" the Warner Brothers motion picture release starring Paul Newman in the real story of Billy the Kid.

The film, who plays Sunday, Monday and Tuesday, is the first to be produced by Fred Coe and directed by Arthur Penn, the producer-director team of the current Broadway stage hit, "Two for the Seesaw." Coe also is the famed television producer of "The Bachelor Party," "Marty," "Peter Pan" and "Middle of the Night." Lita Milan co-stars in "The Left-Handed Gun" with John Dehner, Hurd Hatfield, James Congdon, James Best, John Dierkes and Colin Keith-Johnson. Based on a play by Gore Vidal, "The Left-Handed Gun" was written for the screen by Leslie Stevens.

## VISIT FROM BALLINGER.

Mr. and Mrs. Alton Patterson and son, Johnie, of Ballinger have been visiting her parents, Mr. and Mrs. Johnie Agnew.

## MOVES TO ROTAN.

O. S. Hunter of Hamlin moved last Saturday to the Rotan Nursing Home.

## Quality Cotton to Bring Premium in Price This Year

Hamlin area cotton growers are advised that extra rewards await the cotton producer who succeeds in producing a high quality crop this year, while discounts for low quality will continue to be stiff, according to Fred C. Elliott, extension cotton specialist.

The abundance of low grade cotton that was left over from last year's crop will continue to depress the market for lower grades, points out Elliott. However, he adds, the present outlook for the 1958 crop indicates a continued shortage of high grade fiber.

A late spring, shortages of good seed and too much moisture have contributed to a poor start for cotton this year in many areas. But the specialist says there is still plenty of opportunity to aim for high quality through careful management and harvest practices.

These practices include weed, disease and insect control; fertilization at rates based on extension service recommendations; irrigating for good maturity in areas where it is done with special reference to cut-off date; careful harvesting and ginning; keeping low and high grade fiber separate and selling on grade.

Almost one-third of last year's cotton crop classified as spotted, resulting in a lower average grade for the 1957 crop than for any year on record.

Much of this spotting could have been avoided through better management practices, says Elliott. Widespread failure to adhere to such practices weakens cotton's

## Mrs. A. R. Sanchez, Area Resident Since 1933, Buried Friday

Funeral services for Mrs. Alejandra Reyes Sanchez, 90-year-old resident of the Hamlin community since 1933, were held Friday afternoon at 2:00 o'clock at the Hamlin Funeral Home.

Rosary was said at 7:00 p. m. Thursday at the funeral home. Father Paul Newhouse and Father Joe Scantlin, both of Stamford, officiated. They also conducted the funeral rites.

Burial was in the Hamlin East Cemetery.

Mrs. Sanchez was born in Naclo, Texas, the daughter of Mr. and Mrs. Jose Valdez, on April 6, 1868. Her husband, Fructuoso G. Sanchez, died in 1943.

Survivors of the pioneer include one son, Gregorio Sanchez of Snyder; one daughter, Mrs. Margarita Nunes of Hamlin; 23 grandchildren, 30 great-grandchildren and 17 great-great-grandchildren.

## EFFICIENCY AT ITS PEAK.

The police had sent out seven photographs of a public enemy, each picture showing a different pose of the gentlemen in question.

Before long the following wire was received from a somewhat inexperienced sheriff in a distant county: "Have captured six of the criminals wanted by you and am hot on the trail of the seventh."

position with synthetic and other fibers in marketing for many uses. And this, in turn, contributes to cotton surpluses and depressed prices.

County agricultural agents can provide the latest information on how to grow cotton for quality, and how to preserve that quality in harvesting and ginning.

## "Snow White" Film To Return to Hamlin Theaters for Showing

The beautiful little princess, Snow White, created by Grimm of fairy tale fame, and star of Walt Disney's immortal cartoon feature, "Snow White and the Seven Dwarfs," is a paragon of girlish virtue, but nevertheless she has as many aliases as a law dodger.

The original tale of Snow White and the Seven Dwarfs was written in Germany where the princess' name is Schneewitchen. If you think that sounds like someone in the throes of hay fever, perhaps you will like her Italian appellation better—Navolina. In France Disney's first feature length animated production is known as "Blanche Neige et les Sept Nains." In the Latin countries little Snow White is called Blanca Nieve.

In the original tale, Grimm did not name the seven dwarfs, but because their individual personalities are so developed in the picture, Disney and his staff gave them the names that have since become popular household words the world over: Doc, Sleepy, Happy, Grumpy, Dopey, Bashful and Sneezy.

"Snow White and the Seven Dwarfs," in color by technicolor, will again bring joyful entertainment to theater goers with its latest re-release through Beuna Vista, playing Wednesday, Thursday and Friday at the Ferguson and Hamlin Drive-In Theaters.

## A FREE PRESS... and CENSORSHIP

America is at peace. While we have men in uniform stationed over the world, we are not at war. In every way, we are working to preserve our peaceful relations with other peoples whose ideologies and aspirations differ from ours.

Figuring largely in that huge undertaking is America's Free Press. Even during the peaceful years, it has become necessary that certain information regarding discoveries and inventions be protected. Security has become big business.

"Keep this out of the newspaper," are fighting words to any newspaper editor who is a conscientious craftsman. Yet editors of all newspapers, large and small, realize the responsibilities facing them, to help preserve the securities that are so important to all of us.

Government, the military, and the scientific fields, receive full cooperation from the men and women who, by training, are accustomed to dig out and know the news... and who, by instinct, strive to keep the people fully informed.

Americans have a right to expect that full freedom of the press be preserved, within the bounds drawn by these securities.

For a completely free press is the only safe foundation on which government of the people can build all other freedoms.
